

Appendix 4. Species list of all species observed.

Renner, Rappole, Milensky, Myint Aung, Nay Myo Shwe, Thein Aung: Avifauna of the Southeastern Himalayan Mountains and neighboring Myanmar hill country. BZM

NOTE: We kept the original field determination even if in the main text we changed taxonomy in several cases. We also kept disjunctive records in this particular list.

Sequence	Family	Species name	English name	Record Type	Habitat	Documentation
	PHASIANIDAE	Turkeys Grouse	Pheasants Partidges	n/a	n/a	n/a
1		<i>Tetraogallus tibetanus</i>	Tibetan Snowcock	Visual observation	Tundra	n/a
2		<i>Coturnix chinensis</i>	King Quail	Visual observation	Lwin	n/a
3		<i>Arborophila torqueola</i>	Hill Partridge	Visual observation	Hill Forest	n/a
4		<i>Arborophila rufogularis</i>	Rufus-Throated Partridge	n/a	n/a	One individual (sex unknown) snarede by local hunter at Nam Ti in 2004 (NT/04-1); second individual, a male, captured by local hunter on the west bank of the Nam Tisang river (14 March 2006).
5		<i>Arborophila atrogularis</i>	White-Cheeked Partridge	n/a	n/a	One individual was brought by a local hunter on 7 February 2004. He reported that he had captured the individual (snare) approximately 8 km west of Naung Mung. BMNH1939.12.8.62 ♂ ad. Ningma, Kaulback (15 January 1939); BMNH1940.1.1.7 ♂ ad. Paira Ga, Kaulback (03 April 1939); BMNH1937.1.7.890 ♀ ad. Sumprabum, Stanford (22 January 1933).
6		<i>Bambusicola fytchii</i>	Mountain Bamboo-Partridge	Historic	Higher elevation open areas, bamboo	BMNH1941.12.1.780 ♀ ad. Hkrang Hka, Stanford (March 1933).
7		<i>Ithaginis cruentus</i>	Blood Pheasant	Visual observation	Hill Forest, Second growth	n/a
8		<i>Tragopan blythii</i>	Blyth's Tragopan	Visual observation, historic	Highland Forest, Alpine Forest	BMNH1939.12.8.64 ♂ ad., Ahke, Kaulback (06 April 1939).
9		<i>Tragopan temminckii</i>	Temminck's Tragopan	Visual observation	Highland Forest, Alpine Forest	n/a
10		<i>Lophophorus impejanus</i>	Himalayan Monal	Preserved specimen and visual observation	Alpine Forest	Captured by villager in the mountains NW of Tahawndam.
11		<i>Lophophorus sclateri</i>	Sclater's Monal	Preserved specimen	Alpine Forest, Tundra	Captured ♀ at Tahawndam (shot by local hunter, gonads destroyed).
12		<i>Gallus gallus</i>	Red Junglefowl	Visual observation	Rainforest, Second growth, Agriculture	No records. Domesticated form (<i>G. g. domesticus</i>) found in all villages in the region.

13	<i>Lophura leucomelanos</i>	Kalij Pheasant	Visual observation, preserved specimens, historic	Rainforest	Locals hunted 1 specimen in 2001. 1 individual was also hunted in 2004. While prepared and catalogued in Nam Ti, it was most likely captured further north. BMNH1939.12.8.74 ♂ (not taken from label!) ad. Naung Mung, Kachin State, Myanmar Naung Mung, Kachin State, Myanmar 762 label 27.5 97.83333 Kaulback (09 December 1938); BMNH1939.12.8.75 ♀ (not taken from label!) ad., Htingnan, Kaulback (05 January 1939); BMNH1939.12.8.73 ♂ (not taken from label!) ad. Htingnan, Kaulback (05 January 1939); BMNH1939.12.8.76 ♀ (not taken from label!) ad., Htingnan, Kaulback (09 January 1939); BMNH1941.12.1.764 ♀ (not taken from label!) ad., Sumprabum, Stanford (21 December 1932); BMNH1941.12.1.791 ♀ (not taken from label!) ad., Hpunchankha, Stanford (23 January 1933).
14	<i>Phasianus colchicus</i>	Common Pheasant	Visual observation	Lwin, Agriculture, Second growth	n/a
15	<i>Polyplectron bicalcaratum</i>	Gray Peacock-Pheasant	Visual observation, historic	Rainforest	BMNH1938.12.8.69 ♀ ad., Lungkang Ga, Kaulback (13 January 1939); BMNH1939.12.8.72 ♀ ad. Sumprabum, Kaulback (17 January 1939); BMNH1939.12.8.70 ♀ ad., Ratnamhti, Kaulback (11 December 1938); BMNH1939.12.8.66 ♀ ad. Gam Majaw, Kaulback (17 March 1939); BMNH1938.12.8.68 ♂ ad., Lungkang Ga, Kaulback (13 January 1939); BMNH1938.12.8.67 ♂ ad., Htingnan, Kaulback (01 February 1939); BMNH1939.12.8.71 ♂ ad., Sumprabum, Kaulback (17 January 1939); BMNH1941.12.1.891 ♂ (not taken from label!) ad., Hkamko, Stanford (no date).
	ANATIDAE	Ducks Geese	Swans	n/a	n/a
16	<i>Asarcornis scutulata</i>	White-Winged Duck	Visual observation	Wetlands	Seen along Nam Tamai around Nagwa (2001) and at the Nam Tamai around U Ring Ga (2006).
17	<i>Dendrocygna javanica</i>	Lesser Whistling-Duck	Visual observation	Wetlands	Observed few times in lower parts of the region, specifically Naung Mung area (Rasmussen).
18	<i>Tadorna ferruginea</i>	Ruddy Shelduck	Visual observation	Wetlands	Observed along Namai Hka.
19	<i>Anas platyrhynchos</i>	Mallard	Visual observation	Wetlands	Observed on the rivers of the sub-Himalayan region.
20	<i>Anas poecilorhyncha</i>	Indian Spot-Billed Duck	Visual observation	Wetlands	Rare observations on rivers N of Pangnamdim; between Gawai and Tazungdam (21 February 2001).
21	<i>Rhodonessa caryophyllacea</i>	Pink-Headed Duck	Not observed	Wetlands	n/a
22	<i>Aythya fuligula</i>	Tufted Duck	Visual observation	Wetlands	n/a
23	<i>Mergus merganser</i>	Common Merganser	Visual observation	Wetlands	Several sight records of ♂ and ♀ foraging near the former suspension bridge of Naung Mung along the Nam Tisang river on 05 February 2004 and 06 February 2004 (the latter record consisted of 3 individuals). Also sighted at Kasaung Hka on 13 February 2004.

	PODICEPIDAE	Greebes		n/a	n/a	n/a
24		Tachybaptus ruficollis	Little Grebe	Visual observation	Wetlands	n/a
	CICONIIDAE	Storks		n/a	n/a	n/a
25		Ciconia nigra	Black Stork	Visual observation	Wetlands	n/a
26		Ephippiorhynchus asiaticus	Black-Necked Stork	Visual observation	Wetlands	Observed at Nam Tisang River (09 February 2001).
27		Leptoptilos javanicus	Lesser Adjutant	Visual observation	Wetlands	n/a
	ARDEIDAE	Herons Bitterns	Egrets	n/a	n/a	n/a
28		Butorides striata	Striated Heron	Visual observation	Wetlands	n/a
29		Ardeola grayii	Indian Pond-Heron	Visual observation	Wetlands	n/a
30		Bubulcus ibis	Cattle Egret	Visual observation	Lwin, Agriculture	n/a
31		Ardea insignis	White-Bellied Heron	Visual observation	Wetlands	n/a
32		Egretta garzetta	Little Egret	Visual observation	Wetlands	n/a
	PELECANIDAE	Pelicans		n/a	n/a	n/a
33		Pelecanus philippensis	Spot-Billed Pelican	Visual observation	Wetlands	n/a
	PHALACROCORACIDAE	Cormarants		n/a	n/a	n/a
34		Phalacrocorax niger	Little Cormorant	Visual observation	Wetlands	Sight records at Kasaung Hka on 13 February 2003.
35		Phalacrocorax carbo	Great Cormorant	Visual observation	Wetlands	Observed several times along all major streams (Mali Hka, Nam Tisang, Nam Tamai). Most times flying along the rivers in small groups of up to 9 individuals (04 March 2004). 1 individual at Main river auf Naung Mung (Nam Tisang) on 10 February 2004. 1 individual at net site Kasaung Hka on 13 February 2004. 11 February 2001 near the suspension bridge of Naung Mung. 1 record between Nagwa and Wangsewan (19 February 2001). Near Gawlai (20 February 2001). Near Karaung (23 February 2001). Tahawndam near the river (25 February 2001). Near Gawai (01 March 2001). Between Naung Mung and Maza 1 individual (10 March 2001).
	FOLCONIDAE	Falcons Caracaras		n/a	n/a	n/a
36		Falco amurensis	Amur Falcon	Visual observation	Lwin, Agriculture	n/a
37		Falco subbuteo	Eurasian Hobby	Visual observation	Lwin, Second growth	n/a
38		Falco severus	Oriental Hobby	Visual observation	Hill Forest	n/a
39		Falco peregrinus	Peregrine Falcon	Visual observation	Lwin, Agriculture	n/a
	ACCIPITRIDAE	Osprey Kites	Hawks Eagles	n/a	n/a	n/a
40		Pandion haliaetus	Osprey	Visual observation	Wetlands	n/a
41		Pernis apivorus	European Honey-Buzzard	Visual observation	Lwin, Agriculture	n/a
42		Elanus caeruleus	Black-Shouldered Kite	Visual observation	Lwin, Agriculture	Near Alung-dung Ku (09 February 2001).
43		Spilornis cheela	Crested Serpent-Eagle	Visual observation	Rainforest	Recorded between Putao and Alung-dung Ku (09 February 2001).
44		Circus cyaneus	Northern Harrier	Visual observation	Lwin, Agriculture	n/a
45		Circus melanoleucos	Pied Harrier	Visual observation	Lwin, Agriculture	n/a
46		Accipiter trivirgatus	Crested Goshawk	Preserved specimen and visual observation	Hill Forest	n/a
47		Accipiter badius	Shikra	Visual observation	Lwin, Agriculture	Observed on way in lower parts near Naung Mung.
48		Accipiter virgatus	Besra	Preserved specimen and visual observation	Hill Forest	1 capture in Gawlai. Also observed between Shinshanku and Gawlai (07 March 2001). 1 ♀ captured on W bank of Nam Tisang river, near Naung Mung (08 March 2006).
49		Accipiter nisus	Eurasian Sparrowhawk	Visual observation	Lwin, Agriculture	n/a
50		Accipiter gentilis	Northern Goshawk	Visual observation	Lwin, Agriculture, Second growth, Rainforest	n/a
51		Butastur indicus	Grey-Faced Buzzard	Visual observation	Rainforest	n/a

52		<i>Buteo buteo</i>	Common Buzzard	Visual observation	Lwin, Agriculture	Near Karaung (23 February 2001).
53		<i>Ictinaetus malayensis</i>	Black Eagle	Visual observation	Rainforest	n/a
54		<i>Aquila nipalensis</i>	Steppe Eagle	Visual observation	Lwin, Agriculture	n/a
55		<i>Hieraaetus kienerii</i>	Rufus-Bellied Eagle	Visual observation	Rainforest	n/a
56		<i>Spizaetus cirrhatus</i>	Changeable Hawk-Eagle	Visual observation	Rainforest, Second growth	n/a
57		<i>Spizaetus nipalensis</i>	Mountain Hawk-Eagle	Visual observation	Hill Forest	n/a
	RALLIDAE	<i>Rails Wtaerhens</i>	Coots	n/a	n/a	n/a
58		<i>Porzana bicolor</i>	Black-Tailed Crake	Visual observation	Wetlands	n/a
59		<i>Gallinula chloropus</i>	Common Moorhen	Visual observation	Wetlands	n/a
	GRUIDAE	Cranes		n/a	n/a	n/a
60		<i>Grus antigone</i>	Sarus Crane	Visual observation	Wetlands	CMM observed Sarus Cranes in two groups of birds totaling 65 flying over on 12 March 2006 in U Ring Ga
61		<i>Grus grus</i>	Common Crane	Visual observation	Wetlands	n/a
	IBIDORHYNCHIDAE	Ibisbills		n/a	n/a	n/a
62		<i>Ibidorhyncha struthersii</i>	Ibisbill	Visual observation	Wetlands	n/a
	CHARADRIIDAE	Plovers		n/a	n/a	n/a
63		<i>Vanellus duvaucelii</i>	River Lapwing	Visual observation	Wetlands	n/a
64		<i>Vanellus indicus</i>	Red-Wattled Lapwing	Visual observation	Wetlands, Lwin, Agriculture	2 observations at Kasaung Hka (14 February 2004) near Naung Mung rice paddies.
	SCOLOPACIDAE	Sandpipers		n/a	n/a	n/a
65		<i>Tringa stagnatilis</i>	Marsh Sandpiper	Visual observation	Wetlands	n/a
66		<i>Tringa ochropus</i>	Green Sandpiper	Visual observation	Wetlands	n/a
67		<i>Actitis hypoleucos</i>	Common Sandpiper	Visual observation	Wetlands	n/a
	COLOMBIDAE	Pigeons		n/a	n/a	n/a
68		<i>Columba livia</i>	Common Pigeon	Visual observation	Agriculture, Developed Areas	n/a
69		<i>Columba hodgsonii</i>	Speckled Wood-Pigeon	Visual observation	Hill Forest	n/a
70		<i>Columba pulchricollis</i>	Ashy Wood-Pigeon	Visual observation	Hill Forest	n/a
71		<i>Columba punicea</i>	Pale-Capped Pigeon	Visual observation	Rainforest, Second growth	n/a
72		<i>Streptopelia orientalis</i>	Oriental Turtle Dove	Visual observation	Lwin, Agriculture	10 individuals observed near a rice paddy sitting in a bush, 3.2 km S of Nagwa (04 March 2001).
73		<i>Streptopelia decaocto</i>	Collared Dove	Visual observation	Lwin, Agriculture	Observed at rice paddies, several sites along route.
74		<i>Streptopelia tranquebarica</i>	Red-Collared Dove	Visual observation	Wetlands	1 sight record near Naung Mung border to rice paddies on 11 February 2004.
75		<i>Streptopelia chinensis</i>	Spotted Dove	Visual observation	Lwin, Agriculture	1 individual was observed at the path from Naung Mung to Maza approximately 2 km W of Naung Mung center (10 March 2001).
76		<i>Macropygia unchall</i>	Barred Cuckoo-Dove	Visual observation	Rainforest, Second growth	A small group was observed between Shinshanku and Gawlai (07 March 2001).
77		<i>Chalcophaps indica</i>	Emerald Dove	Preserved specimen, visual observation, historic	Hill Forest	1 immature individual was captured in Nam Ti at site NT/04-2 (equals NT/01-1). BMNH1939.12.8.5 ♂ ad. Lunghkang Ga, Kaulback (13 January 1939).
78		<i>Treron curvirostra</i>	Thick-Billed Green-Pigeon	Visual observation	Rainforest, Second growth	n/a
79		<i>Treron apicauda</i>	Pin-Tailed Green-Pigeon	Visual observation	Rainforest, Hill Forest, Second growth	Tail feather found near Nam Ti (07 September 2005).
80		<i>Treron sphenura</i>	Wedge-Tailed Green-Pigeon	Visual observation	Rainforest, Hill Forest	Observed near Maza.
81		<i>Ducula aenea</i>	Green Imperial Pigeon	Visual observation	Rainforest	n/a
82		<i>Ducula badia</i>	Mountain Imperial Pigeon	Visual observation, historic	Hill Forest	BMNH1939.12.8.302 Htingnan, Kaulback (08 January 1939); BMNH1932.12.10.80 ♂ ad. Hpunchan, Cranbrook 11 December 1931); BMNH1939.12.8.1 ♂ ad. Gam Majaw Kaulback (17 March 1939).
	PSITTACIDAE	Cockatoos Parrots		n/a	n/a	n/a
83		<i>Psittacula finschii</i>	Grey-Headed Parakeet	Visual observation	Rainforest	n/a
84		<i>Psittacula roseata</i>	Blossom-Headed Parakeet	Visual observation	Rainforest, Second growth	n/a

85		<i>Psittacula alexandri</i>	Red-Breasted Parakeet	Visual observation	Rainforest, Second growth	n/a
	CUCULIDAE	Cuckoos		n/a	n/a	n/a
86		<i>Clamator coromandus</i>	Chestnut-Winged Cuckoo	Visual observation	Rainforest, Second growth	n/a
87		<i>Cacomantis merulinus</i>	Plaintive Cuckoo	Visual observation	Lwin, Agriculture, Second growth	n/a
88		<i>Surniculus lugubris</i>	Asian Drongo-Cuckoo	Preserved specimen and visual observation	Rainforest, Second growth	1 ad. in Naung Mung (July 2006).
89		<i>Cuculus sparverioides</i>	Large Hawk-Cuckoo	Visual observation	Rainforest, Second growth	n/a
90		<i>Cuculus micropterus</i>	Indian Cuckoo	Visual observation	Rainforest, Second growth	n/a
91		<i>Centropus sinensis</i>	Greater Coucal	Visual observation	Lwin, Agriculture, Second growth	n/a
92		<i>Centropus bengalensis</i>	Lesser Coucal	Visual observation	Lwin, Agriculture, Second growth	n/a
	STRIGIDAE	Owls		n/a	n/a	n/a
93		<i>Otus spilocephalus</i>	Mountain Scops-Owl	Visual observation	Hill Forest, Second growth	n/a
94		<i>Otus bakkamoena</i>	Collared Scops-Owl	Preserved specimen, historic	Rainforest, Hill Forest, Second growth, Developed Areas	1 capture at NT/04-2. Several calling individuals where recorded in Naung Mung at early nights. BMNH1940.1.1.3 ad. Ahke, Kaulback (27 March 1939).
95		<i>Otus scops</i>	Oriental Scops-Owl	Preserved specimen and visual observation	Rainforest, Second growth	2 captures on the 2001 trip; captured in Nam Ti (old Second growth near natural forest). 1 ♂ captured U Ring Ga rest house (19 March 2006).
96		<i>Strix leptogrammica</i>	Brown Wood-Owl	Visual observation	Rainforest, Hill Forest	n/a
97		<i>Strix aluco</i>	Tawny Owl	Visual observation	Hill Forest, Highland Forest	n/a
98		<i>Glaucidium brodiei</i>	Collared Owlet	Preserved specimen, historic	Rainforest, Hill Forest	Captured at Naung Mung (NM/01-1, NM/04-1). BMNH1937.1.7.753 ♀ ad. Nawngkhai, Stanford (05 January 1933); BMNH1941.5.30.1566 ad., Ticehurst (March 1933); BMNH1937.1.7.755 ad. Kawapang, Stanford (16 December 1932).
99		<i>Glaucidium cuculoides</i>	Asian Barred-Owlet	Preserved specimen and visual observation	Rainforest, Second growth	Captured in Lonnat 05 March 2001.
	PODARGIDAE	Frogmouths		n/a	n/a	n/a
100		<i>Batrachostomus hodgsoni</i>	Hodgson's Frogmouth	Visual observation	Rainforest	n/a
	CAPRIMULGIDAE	Nightjars		n/a	n/a	n/a
101		<i>Eurostopus macrotis</i>	Great-Eared Nightjar	Visual observation	Rainforest, Second growth	1 individual was recorded during dusk in Naung Mung (near 'TV Station'; 09 March 2001).
	APODIDAE	Swifts		n/a	n/a	n/a
102		<i>Aerodramus brevirostris</i>	Himalayan Swiftlet	Visual observation	Aerial	Observed along route from Tazungdam to Gawai over Namai Hka River, 01 March 2001; seen in Naung Mung area (July 2006).
103		<i>Hirundapus cochinchinensis</i>	Silver-Backed Needletail	Visual observation	Aerial	n/a
104		<i>Hirundapus giganteus</i>	Brown-Backed Needletail	Visual observation, historic	Aerial	BMNH1937.1.7.809a ad., Sumprabum, Stanford (1935); seen in Naung Mung area (July 2006)
105		<i>Cypsiurus balasiensis</i>	Asian Palm-Swift	Preserved specimen, visual observation, historic	Developed Areas (palm-roofed huts), Aerial	6 individuals were observed while entering nest sites in the house of the guard of the Nam Ti rest house (06 March 2001). The species was NOT observed at any site during the September 2005 trip. BMNH1939.12.8.35 ♀ ad. Chatihka, Kaulback (18 April 1939); 2 captured in Nam Ti (July 2006); seen and heard in Naung Mung area (July 2006).
106		<i>Apus pacificus</i>	Fork-Tailed Swift	Visual observation in Naung Mung area (July 2006)	Aerial	n/a
107		<i>Apus affinis</i>	Little Swift	Visual observation	Developed Areas, Lwin, Agriculture, Aerial	n/a
	TROGONIDAE	Trogons		n/a	n/a	n/a

108	<i>Harpactes erythrocephalus</i>	Red-Headed Trogon	Preserved specimen and visual observation	Rainforest	Shot by porter during the stay at Nam Ti near the Guest House. Also captured: NT/04-1. Feather remains caused by a carnivore were determined to <i>H. erythrocephalus</i> near Naung Mung (approximately 1.5 km SW of the center) on 09 February 2004. 3 captured in Naung Mung (September 2005); 1 subad. in Naung Mung (July 2006).
109	<i>Harpactes wardi</i>	Ward's Trogon	Visual observation.	Rainforest	In sub-tropical forests around Naung Mung and Nam Ti.
CORACIDAE		Rollers	n/a	n/a	n/a
110	<i>Coracias benghalensis</i>	Indian Roller	Visual observation	Lwin, Second growth, Agriculture	n/a
111	<i>Eurystomus orientalis</i>	Dollarbird	Sight records, Historic	Rainforest, Secondary growth	BMNH1937.1.7.830 ♂ ad. Suphka, Stanford (16 March 1934); BMNH1938.12.8.23 ♂ ad., Nam Tamai Valley at 27.70 N 97.90 E, Kaulback (18 August 1938); BMNH1938.12.8.25 ♀ ad., Nam Tamai Valley at 27.70 N 97.90 E, Kaulback (09 August 1938); BMNH1938.12.8.24 ♀ ad., Nam Tamai Valley at 27.70 N 97.90 E, Kaulback (01 September 1938).
ALCEDINAE		Kingfishers	n/a	n/a	n/a
112	<i>Halcyon smyrnensis</i>	White-Throated Kingfisher	Visual observation	Wetlands	n/a
113	<i>Halcyon pileata</i>	Black-Capped Kingfisher	Visual observation	Wetlands	n/a
114	<i>Alcedo meninting</i>	Blue-Eared Kingfisher	Preserved specimen and visual observation	Wetlands	Sight record at a side branch of the Nam Tisang River near the net site of 2001 and 2004 (NM/01-1) (05 February 2004, 06 February 2004, 09 March 2001); 1 immat. in Putao (June 2006).
115	<i>Alcedo athys</i>	Common Kingfisher	Visual observation, historic	Wetlands	Netted at Nam Tisang River near Naung Mung on 12 February 2004. BMNH1937.1.7.31 ♂ ad. N'ding, Stanford (17 February 1936); BMNH1937.1.7.876 ♂ ad., Hpunchan, Stanford (22 January 1933); seen/heard several in Naung Mung area (July 2006).
116	<i>Alcedo hercules</i>	Blyth's Kingfisher	Preserved specimen and visual observation	Wetlands	1 capture of <i>A. hercules</i> on 13 February 2004 at Nam Tisung, approximately 1 km W of Naung Mung. 1 record (sight) at the same place on 10 February 2004. 1 ♂ captured U Ring Ga rest house (19 March 2006).
117	<i>Megacryle lugubris</i>	Crested Kingfisher	Preserved specimen, visual observation, historic	Wetlands	2 individuals have been recorded 1 km W of Naung Mung at the Kasaung Hka (12 February 2004). 1 at the same place on 11 February 2004 and also on 13 February 2001; BMNH1939.12.8.26 ♂ ad., Sumprabum, Kaulback (22 May 1939); BMNH1937.1.7.880 ♂ ad., Nawngkhai, Stanford (05 January 1933); BMNH1937.1.7.881 ad., Putao, Stanford (October 1933); 1 ad. captured in Putao (July 2006).
118	<i>Ceryle rudis</i>	Pied Kingfisher	Visual observation	Wetlands	n/a
MEROPIDAE		Bee-Eaters	n/a	n/a	n/a

119	<i>Nyctornis athertoni</i>	Blue-Bearded Bee-Eater	Visual observation, historic	Rainforest	Sight record (05 February 2001) SW of Naung Mung; BMNH1939.12.8.29 ♀ ad., Htingnan, Kaulback (30 January 1939); BMNH1937.1.7.706 ad., Putao, Stanford (January 1935); seen and heard several in Naung Mung area (July 2006).
120	<i>Merops orientalis</i>	Green Bee-Eater	Visual observation	Lwin, Second growth, Agriculture	n/a
121	<i>Merops philippinus</i>	Blue-Tailed Bee-Eater	Visual observation	Lwin, Second growth, Agriculture	n/a
122	<i>Merops leschenaulti</i>	Chestnut-Headed Bee-Eater	Visual observation	Lwin, Second growth, Agriculture	n/a
	UPOPIDAE	Hoopes	n/a	n/a	n/a
123	<i>Upupa epops</i>	Common Hoopoe	Visual observation	Lwin, Second growth, Agriculture	10 March 2001 near Naung Mung, approximately 2 km along the track to Maza.
	BUCEROTIDAE	Hornbills	n/a	n/a	n/a
124	<i>Anthracoseros albirostris</i>	Oriental Pied Hornbill	Visual observation	Rainforest, Second growth	n/a
125	<i>Buceros bicornis</i>	Great Hornbill	Visual observation	Rainforest	Observed between Shinshanku and Gawlai (07 March 2001); observed Naung Mung area (July 2006).
126	<i>Aceros nipalensis</i>	Rufus-Necked Hornbill	Visual observation, historic	Rainforest, Hill forest	BMNH1941.12.1.827 ad., Hpunchankha, Stanford (May 1933), Several sight records especially between Naung Mung and Mali Hka. Mostly 2 individuals near the track, foraging and calling. Recorded on 15./16 February 2004. Another pair was observed between Shinshanku and Gawlai (07 March 2001).
127	<i>Rhyticeros undulatus</i>	Wreathed Hornbill	Visual observation, historic	Rainforest	Between Alung-dung Ku and Babwa several records (09 February 2001; 10 February 2001). This species was observed in a big flock of ~ 50 individuals in Hponkan Razi in September 2004 (by Thein Aung); BMNH1939.12.8.309 ad., Lunghkang Ga, Kaulback (13 January 1939); BMNH1941.12.1.831 ♂ ad., Laawnga, Stanford (28 October 1932); BMNH1941.12.1.832 ♀ ad., Laawnga, Stanford (27 December 1932).
	RHAMPHASTIDAE	Toucans Barbets	n/a	n/a	n/a
128	<i>Megalaima virens</i>	Great Barbet	Preserved specimen, visual observation, historic	Rainforest, Hill Forest	Captured once in Naung Mung (September 2005). Recorded at the rest house of Maza in 2004, calling steadily on an exposed branch approximately 100 m in the SW of the rest house (15 February 2004); BMNH1939.12.8.40 ♀ ad., Lunghkang Ga, no collector indicated (13 January 1939).
129	<i>Megalaima lineata</i>	Lineated Barbet	Visual observation	Rainforest, Second growth, Developed Areas	n/a
130	<i>Megalaima faiostricta</i>	Green-Eared Barbet	Visual observation	Rainforest	n/a
131	<i>Megalaima franklinii</i>	Golden-Throated Barbet	Visual observation, historic	Hill Forest	Recorded near Mali Hka between Nam Ti and Putao; 1 individual calling in the morning sitting in the top of a 10 m tree; BMNH1939.12.8.42 ♀ ad., Htingnan, Kaulback (30 January 1939).
132	<i>Megalaima asiatica</i>	Blue-Throated Barbet	Preserved specimen and visual observation	Rainforest, Hill Forest	1 capture in Naung Mung (September 2005). Observed at Nam Ti rest house (11 March 2001; 17 February 2004). 1 ♂ captured W bank of Nam Tisang river (10 March 2006).
133	<i>Megalaima haemocephala</i>	Coppersmith Barbet	Not recorded but likely to occur	n/a	n/a

	PICIDAE	Woodpeckers	n/a	n/a	n/a	
134		<i>Jynx torquilla</i>	Northern Wryneck	Visual observation	Lwin, Second growth, Agriculture	Observed in mixed species flock in riparian Second growth along the Namai Hka River S of Tezutu on 28 Feb 2001 (Rappole).
135		<i>Picumnus innominatus</i>	Speckled Piculet	Preserved specimen	Rainforest, Hill Forest	1 immat. Nam Ti (July 2006)
136		<i>Sasia ochracea</i>	White-Browed Piculet	Preserved specimen, historic	Rainforest, Hill Forest	Captured: Tazutu, Tazungdam, Naung Mung, Lonnat, NM/01-1, NM/04-3; September 2005 in Naung Mung. 1 ♂, 1 ♀ captured W bank of Nam Tisang river (11 March 2006); BMNH1937.1.7.528 ♂ (from plumage, not as indicated on label!) ad., Tutuga, Stanford (13 January 1933); BMNH1937.1.7.527 ♂ (from plumage, not as indicated on label!) ad., Tutuga, Stanford (21 January 1933); BMNH1937.1.7.529 ♂ (from plumage, not as indicated on label!) ad., Tutuga, Stanford (13 January 1933); 3 ad. Putao, Naung Mung, 1 immat. Nam Ti (July 2006).
137		<i>Hypopicus hyperythrus</i>	Rufus-Bellied Woodpecker	Visual observation	Rainforest, Hill Forest	n/a
138		<i>Dendrocopos canicapillus</i>	Grey-Capped Pygmy Woodpecker	Visual observation	Rainforest, Hill Forest	n/a
139		<i>Dendrocopos macei</i>	Fulvous-Breasted Woodpecker	Visual observation	Developed Areas, Second growth, Lwin	n/a
140		<i>Dendrocopos cathpharius</i>	Crimson-Breasted Woodpecker	Visual observation	Hill Forest	n/a
141		<i>Dendrocopos darjellensis</i>	Darjeeling Woodpecker	Visual observation, historic	Hill Forest	BMNH1940.1.1.5 ♀ (from plumage, not as indicated on label!) ad., Ahke, Kaulback (25 March 1939).
142		<i>Celeus brachyurus</i>	Rufus Woodpecker	Visual observation, historic	Second growth, Developed Areas, Lwin	BMNH1939.12.8.56 ad., Ratnamhti, Kaulback (11 December 1938).
143		<i>Picus chlorolophus</i>	Lesser Yellow-Naped Woodpecker	Preserved specimen and visual observation	Rainforest, Hill Forest	1 immat. Naung Mung (July 2006)
144		<i>Picus flavinucha</i>	Greater Yellow-Naped Woodpecker	Visual observation, historic	Hill Forest, Highland Forest	BMNH1939.12.8.53 ♂ ad., Htingnan, Kaulback (04 February 1939); seen Naung Mung in July 2006.
145		<i>Picus canus</i>	Grey-Headed Woodpecker	Preserved specimen	Hill Forest, historic	1 capture in Gawlai. Also observed between Shinshanku and Gawlai (07 March 2001); BMNH1937.1.7.861 ♂ ad., Simahtu, Stanford (25 March 1934); BMNH1937.1.7.857 ♀ ad., Tutuga, Stanford (16 January 1933).
146		<i>Dinopium shorii</i>	Himalayan Falme-Backed Woodpecker	Visual observation	Rainforest	n/a
147		<i>Dinopium javanense</i>	Common Falme-Backed Woodpecker	Visual observation	Lwin, Second growth, Developed Areas	n/a
148		<i>Chrysocolaptes lucidus</i>	Greater Falme-Backed Woodpecker	Visual observation	Rainforest, Second growth	n/a
149		<i>Gecinulus grantia</i>	Bamboo Woodpecker	Visual observation, historic	Rainforest	BMNH1939.12.8.52 ♂ (from plumage, not as indicated on label!) ad., Naung Mung, Kaulback (10 December 1938).
150		<i>Blythipicus pyrrhotis</i>	Bay Woodpecker	Preserved specimen, visual observation, historic	Rainforest, Hill Forest	1 individual captured at Shinshanku; 1 record between Gawai and Wangsewang (02 March 2001); 1 ♂ captured W bank of Nam Tisang river (14 March 2006); BMNH1940.1.1.4 ♂ ad., Mahkawng Ga, Kaulback (01 April 1939); BMNH1937.1.7.743 ♀ (determined from plumage, not as indicated on label!) ad., Putao, Stanford (January 1935); 2 ad. Naung Mung (July 2006).
	EURYLAIMIDAE	Broadbills	n/a	n/a	n/a	n/a

151	<i>Psarisomus dalhousiae</i>	Long-Tailed Broadbill	Visual observation, historic	Rainforest, Hill Forest	BMNH1939.12.8.92 ♀ ad., Lunghkang Ga, Kaulback (10 March 1939); BMNH1939.12.8.91 ♂ ad., Lunghkang Ga, Kaulback (10 March 1939); BMNH1937.1.7.485 ♂ ad., Putao, Stanford (06 January 1933).
152	<i>Serilophus lunatus</i>	Silver-Breasted Broadbill	Preserved specimen, visual observation, historic	Rainforest, Hill Forest	Captured in Naung Mung. 2004: NM/04-2, NM/04-3 several individuals, 2005: 3 in Naung Mung (September 2005); 2 released on 09 February 2004, 5 on 12 February 2004, and 8 in Naung Mung on 08 September 2005 and 3 on 11 September 2005; 1 released at NT/04-2 (18 February 2004); 1 ♂ captured U Ring Ga rest house (17 March 2006); BMNH1937.1.7.492 ♂ ad. Kalihtu, Stanford (21 March 1934); BMNH1937.1.7.490 ♀ ad., Tutuga, Stanford (28 December 1932).
	PITTIDAE	Pittas	n/a	n/a	n/a
153	<i>Pitta oatesi</i>	Rusty-Naped Pitta	Visual observation	Rainforest	n/a
154	<i>Pitta moluccensis</i>	Blue-Winged Pitta	Visual observation	Rainforest	n/a
155	<i>Tephrodornis virgatus</i>	Large Woodshrike	Visual observation	Rainforest	n/a
	ARTAMIDAE	Woodswallows	n/a	n/a	n/a
156	<i>Artamus fuscus</i>	Ashy Woodswallow	Visual observation	Lwin, Second growth, Developed Areas	n/a
	AEGITHINAE	Ioras	n/a	n/a	n/a
157	<i>Aegithina tiphia</i>	Common Iora	Visual observation	Second growth, Developed Areas, Lwin	n/a
	CAMPEPHAGIDAE	Cuckoo-Shrikes	n/a	n/a	n/a
158	<i>Coracina melaschistos</i>	Black-Winged Cuckooshrike	Preserved specimen and visual observation	Rainforest	n/a
159	<i>Lalage nigra</i>	Pied Triller	Visual observation (species identification not confirmed)	Lwin, Second growth, Developed Areas	Observed in trees along stream N of Gawlei (14 February 2001).
160	<i>Pericrocotus roseus</i>	Rosy Minivet	Preserved specimen and visual observation	Rainforest	n/a
161	<i>Pericrocotus divaricatus</i>	Ashy Minivet	Visual observation	Rainforest, Second growth	Captured at Gawlai.
162	<i>Pericrocotus cinnamomeus</i>	Small Minivet	Visual observation	Second growth	n/a
163	<i>Pericrocotus solaris</i>	Grey-Chinned Minivet	Visual observation	Rainforest, Hill Forest	n/a
164	<i>Pericrocotus ethologus</i>	Long-Tailed Minivet	Visual observation	Hill Forest	1 individual was shot by a small boy in the center of Naung Mung Township ('TV Station'). 3 ♂, 2 ♀ were recorded from Guest House (at the Military Base of Putao) of the National Park in Putao on 09 March 2001.
165	<i>Pericrocotus brevirostris</i>	Short-Billed Minivet	Visual observation	Hill Forest, Second growth	n/a
166	<i>Pericrocotus flammeus</i>	Scarlet Minivet	Preserved specimen, visual observation, historic	Rainforest, Hill Forest	1 record between Tazungdam and Gawai (01 March 2001); between Lonnat and Pangnamdim (05 March 2001); several individuals near Naung Mung (09 March 2001); BMNH1939.12.8.109 ♂ ad., Hkrang Hka, Kaulback (12 April 1939); BMNH1939.12.8.108 ♂ ad., Ratnamhti, Kaulback (11 December 1938).

167	Hemipus picatus	Bar-Winged Flycatcher-Shrike	Preserved specimen, visual observation, historic	Rainforest, Hill Forest, Second growth	Sight record between Tazutu and Karaung (23 February 2001) and between Tazungdam and Gawai (01 March 2001); 1 individual recorded near Gawlai (approximately 1 km N; 07 March 2001); BMNH1941.12.1.434 ♂ ad., Tutuga, Stanford (19 January 1933).
LANIIDAE		Shrikes	n/a	n/a	n/a
168	Lanius cristatus	Brown Shrike	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	Observed within young secondary forest heavily used by cattle in Gawlai (08 March 2001).
169	Lanius colluriooides	Burmese Shrike	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
170	Lanius schach	Long-Tailed Shrike	Visual observation, historic	Lwin, Agriculture, Second growth, Developed Areas	Several sight records between Putao and Mali Hka along the road on the Putao plains. Most times observed when sitting on a power line leading parallel to the road near at the airfield of Putao. Each 300 to 400 m was 1 individual, both in 2001 and 2004. Also sight records in the Naung Mung Township in rice paddies and open areas: 06 February 2004 near the 'TV Station'. 1 individual was observed at a rice paddy 3.2 km S of Nagwa (04 March 2001). Also recorded in the vicinities of Naung Mung (approximately 2 km along the way to Maza; 10 March 2001). 2 adults and 1 immature near the Police Station (the former Ford Hertz) in Putao (12 to 16 September 2005); BMNH1941.12.1.412 L. schach [NOTE: The five historic specimens (along at least 20 further specimens stored at the BMNH from Myanmar, India, and Bhutan) from the BMNH have been identified as L. schach and as 'grey' on nape, indicating species belongings into the L. s. erythronotus group.] ♀ ad., Tutuga, Stanford (20 January 1933); BMNH1941.12.1.414 L. schach 1 ♂ ad., Putao, Stanford (17 January 1933); BMNH1939.12.8.239 L. schach 1 ♂ ad., Ahke, Kaulback (28 March 193); BMNH1941.12.1.418 L. schach 1 ad., Lunghkang Ga, Stanford (March 1934); BMNH1941.12.1.413 L. schach 1 ♂ ad., Sumprabum, Stanford (20 December 193).
171	Lanius tephronotus	Grey-Backed Shrike	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	1 individual was observed 3.2 km S of Nagwa (04 March 2001). 1 individual near the Police Station (former Fort Hertz) in Putao (12 September 2005).
ORIOLOIDAE		Orioles Figbirds	n/a	n/a	n/a
172	Oriolus xanthornus	Dark-Throated Oriole	Visual observation	Rainforest	Observed in Second growth forest bordering river near Ba Baw (10 February 2001). Also the following day on way to Naung Mung coming from Babwa.

173	<i>Oriolus traillii</i>	Maroon Oriole	Visual observation, historic	Rainforest, Hill Forest, Second growth	1 sight record between Wangsewang and Nagwa (03 March 2001); near Naung Mung (09 March 2001); BMNH1937.1.7.669 ♂ ad., Punlumbum, Stanford (19 March 1934); BMNH1937.1.7.668 ad., Putao, Stanford (January 1935).
DICRURIDAE					
	Drongos		n/a	n/a	n/a
174	<i>Dicrurus macrocercus</i>	Black Drongo	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
175	<i>Dicrurus leucophaeus</i>	Ashy Drongo	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	1 sight record near Naung Mung (09 March 2001).
176	<i>Dicrurus annectans</i>	Crow-Billed Drongo	Preserved specimen and visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
177	<i>Dicrurus aeneus</i>	Bronzed Drongo	Preserved specimen, visual observation, historic	Rainforest, Hill Forest, Second growth	Captured in Maza. 1 sight record on 05 February 2004 in the SW of Naung Mung, another on 11 February 2004. 1 sight record also W of Naung Mung at Kasung Hka near rice paddy (12 February 2004). 1 near Babwa (10 February 2001). Observed at Nam Ti rest house (11 March 2001) and on way between Nam Ti and Kankiu when proceeding to Putao; BMNH1939.12.8.285 ♀, Lungkang Ga, Kaulback (26 January 1939); BMNH1939.12.8.286 ♂, Lungkang Ga, Kaulback (26 January 1939); BMNH1937.1.7.516 ♀, Laawnga, Stanford (10 January 1933).
178	<i>Dicrurus remifer</i>	Lesser Racket-Tailed Drongo	Preserved specimen and visual observation	Rainforest, Hill Forest, Second growth	Captured at NM/04-1. Sighted near Tasaku (13 February 2001).
179	<i>Dicrurus hottentottus</i>	Hair-Crested Drongo	Visual observation	Rainforest, Hill Forest, Second growth	Naung Mung (July 2006).
180	<i>Dicrurus paradiseus</i>	Greater Racket-Tailed Drongo	Visual observation, historic	Lwin, Agriculture, Second growth, Developed Areas	Observed between Lonnat and Pangnamdim (05 March 2001); BMNH1939.12.8.289 ♂ ad., Ratnamhti, Kaulback (11 December 1938); BMNH1939.12.8.288 ♀ ad., Htingnan, Kaulback (27 January 1939); BMNH1939.12.8.287 ♀ ad., Htingnan, Kaulback (27 January 1939).
RHIPIDURIDAE					
	Fantails		n/a	n/a	n/a
181	<i>Rhipidura hypoxantha</i>	Yellow-Bellied Fantail	Visual observation, historic	Hill Forest	1 observation near Nam Tisang River (09 March 2001); BMNH1937.1.7.109, Punlumbum, Stanford (19 March 1934); BMNH1937.1.7.108 ♂, Sumprabum, Stanford (24 December 1932); BMNH1937.1.7.106 ♂, Tutuga, Stanford (13 January 1933).
182	<i>Rhipidura albicollis</i>	White-Throated Fantail	Preserved specimen	Rainforest, Hill Forest	Captured: Nagwa. 2004: NM/04-1, NM/04-2, NM/04-5. 1 released at Tazutu (27 February 2001). 1 ♀ captured on bank of Nam Tisang River S of Naung Mung (08 March 2006). 1 ♂ captured W bank of Nam Tisang river (11 March 2006).
183	<i>Hypothymis azurea</i>	Black-Naped Monarch	Preserved specimen and visual observation	Second growth	n/a
184	<i>Terpsiphone paradisi</i>	Asian Paradise Flycatcher	Preserved specimen and visual observation	Rainforest, Second growth	3 captures in forests of Naung Mung in September 2005.
CORVIDAE					
	Crows Jays		n/a	n/a	n/a
185	<i>Garrulus glandarius</i>	Eurasian Jay	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a

186	<i>Urocissa flavirostris</i>	Yellow-Billed Blue Magpie	Visual observation, historic	Rainforest, Hill Forest	Captured in Tahawndam; BMNH1939.12.8.292 ♂ ad., Htingnan, Kaulback (27 January 1939).
187	<i>Urocissa erythrorhyncha</i>	Red-Billed Blue Magpie	Visual observation	Rainforest, Second growth	n/a
188	<i>Cissa chinensis</i>	Common Green Magpie	Preserved specimen, visual observation, historic	Rainforest, Hill Forest, Second growth	Captured 2004 at site NT/04-2; 1 ♀ captured U Ring Ga rest house (17 March 2006); BMNH1939.12.8.295 ♀, Lunghkaung Ga, Kaulback (13 January 1939); BMNH1937.1.7.911, Putao, Stanford (January 1935); BMNH1939.12.8.293 ♂, Htingnan, Kaulback (27 January 1939); BMNH1937.1.7.912 ♀, Tutuga, Stanford (19 January 1933).
189	<i>Cissa hypoleuca</i>	Indochinese Green Magpie	Visual observation	Broadleafed evergreen and semi evergreen forest, bamboo	Captured Gawai, Gawlai.
190	<i>Dendrocitta vagabunda</i>	Rufus Treepie	Visual observation	Second growth	n/a
191	<i>Dendrocitta formosae</i>	Grey Treepie	Preserved specimen and visual observation	Rainforest, Second growth	1 undetermined sex captured W bank of Nam Tisang river (11 March 2006). 1 ♂ captured W bank of Nam Tisang river (13 March 2006). 1 undetermined sex captured U Ring Ga rest house (17 March 2006).
192	<i>Dendrocitta frontalis</i>	Collared Treepie	Preserved specimen, visual observation, historic	Rainforest	Captured at Naung Mung (12 February 2001) and 1 released at Naung Mung (09 March 2001); observed in the vicinities of Naung Mung (approximately 2 km along the way to Maza; 10 March 2001); 1 ♂ captured W bank of Nam Tisang river (09 March 2006); 1 ♀ captured U Ring Ga rest house (18 March 2006); BMNH1937.1.7.928 ♂, Naungkhkai, Stanford (06 January 1933); BMNH1937.1.7.930 ♂, Tutuga, Stanford (12 January 1933); BMNH1937.1.7.931 ♂, Maitongkha, Stanford (18 December 1932); BMNH1940.1.1.11 ♀, Htingnan, Kaulback (10 March 1939); BMNH1940.1.1.12 ♀, Htingnan, Kaulback (10 March 1939); BMNH1939.12.8.291 ♀, Htingnan, Kaulback (10 January 1939); BMNH1937.1.7.926, Putao, Stanford (January 1935); BMNH1937.1.7.927, Naungkhkai, Stanford (01 January 1933).
193	<i>Crypsirina temia</i>	Racquet-Tailed Treepie	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
194	<i>Nucifraga caryocatactes</i>	Eurasian Nutcracker	Visual observation	Highland Forest, Alpine Forest	n/a
195	<i>Corvus splendens</i>	House Crow	Visual observation	Developed Areas	n/a
196	<i>Corvus pectoralis</i>	Collared Crow	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
197	<i>Corvus macrorhynchos</i>	Large-Billed Crow	Visual observation, historic	Lwin, Agriculture, Second growth, Developed Areas	4 individuals recorded on rice paddies (11 February 2004, 12 March 2004) near NM/01-1 at the river Kasung Hka, W of Naung Mung; BMNH1939.12.8.89 ♂ ad., Sumprabum, Kaulback (20 February 1939).
	PARIDAE	Tits Chickadees	n/a	n/a	n/a
198	<i>Parus rubidiventris</i>	Rufus-Vented Tit	Visual observation	Highland Forest, Alpine Forest	n/a
199	<i>Parus ater</i>	Coal Tit	Visual observation	Highland Forest, Alpine Forest	n/a
200	<i>Parus hypermelaenus</i>	Black-Bibbed Tit	Visual observation	Highland Forest, Alpine Forest	n/a

201	<i>Parus monticolus</i>	Green-Backed Tit	Preserved specimen, historic	Hill Forest	Captured in Tahawndam 25 February 2001, also in Nagwa (03 March 2001). Sighted between Tazutu and Karaung (23 February 2001); 1 observation also between Shinshanku and Gawlai (07 March 2001); BMNH1937.1.7.297 (labeled as <i>P. m. yunnanensis</i>), Hkamko, Stanford (31 December 1933).
202	<i>Parus spilonotus</i>	Yellow-Cheeked Tit	Visual observation	Hill Forest	Observed in mixed species flock in riparian Second growth along the Namai Hka S of Tezutu on 28 Feb 2001.
203	<i>Melanochlora sultanea</i>	Sultan Tit	Visual observation, historic	Hill Forest	Few records for the track between Naung Mung and Putao in forest apart from settlements in 2001 and 2004; recorded between Pangnamdim and Lonnat (17 February 2001); 3 individuals observed between Shinshanku and Gawlai (07 March 2001); BMNH1937.1.7.514 ♂ ad., Tutuga, Stanford (12 January 1933).
204	<i>Sylviparus modestus</i>	Yellow-Browed Tit	Visual observation	Hill Forest, Highland Forest	n/a
	HIRUNDINIDAE	Swallows Martins	n/a	n/a	n/a
205	<i>Riparia paludicola</i>	Plain Martin	Visual observation	Wetlands, Aerial	Sighted at Kasaung Hka on 13 February 2004. Near Naung Mung several individuals (10 March 2001).
206	<i>Hirundo rustica</i>	Barn Swallow	Visual observation	Wetlands, Aerial	Near Alung-dung Ku (09 February 2001).
207	<i>Delichon dasypus</i>	Asian House Martin	Visual observation	Aerial	n/a
208	<i>Cecropis daurica</i>	Red-Rumped Swallow	Visual observation	Lwin, Agriculture, Aerial, Developed Areas	Observed along Namai Hka.
209	<i>Cecropis striolata</i>	Striated Swallow	Historic only	n/a	BMNH1939.12.8.99 M ad., Htingnan, Kaulback (11 March 1939).
	AEGITHALIDAE	Long-Tailed Tits	n/a	n/a	n/a
210	<i>Aegithalos concinnus</i>	Black-Throated Bush	Visual observation	Hill Forest	n/a
	ALAUDIDAE	Larks	n/a	n/a	n/a
211	<i>Mirafa assamica</i>	Rufus-Winged Bushlark	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	Observed at rice paddies, several sites along route (Rappole).
212	<i>Alauda gulgula</i>	Oriental Skylark	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
	CISTICOLIDAE	Cisticolas and Allies	n/a	n/a	n/a
213	<i>Prinia atrogularis</i>	Hill Prinia	Visual observation	Lwin, Second growth	n/a
214	<i>Prinia hodgsonii</i>	Grey-Breasted Prinia	Visual observation, historic	Second growth	BMNH1937.1.7.348, Sumprabum, Stanford (25 December 1932); BMNH1937.1.7.349 ♀, Tutuga, Stanford (13 January 1933).
215	<i>Orthotomus cucullatus</i>	Mountain Tailorbird	Preserved specimen	Hill Forest, Second growth	Captured Tazungdam in mixed evergreen forest on 28 February 2001; Pangnamdim in streamside vegetation on 05 March 2001. 1 observation near Gawlai (08 March 2001).
216	<i>Orthotomus sutorius</i>	Common Tailorbird	Preserved specimen	Second growth	1 captured near Putao Military Base on 09 February 2001.
217	<i>Orthotomus atrogularis</i>	Dark-Necked Tailorbird	Visual observation	Second growth	n/a
	PYCNONOTIDAE	Bulbuls	n/a	n/a	n/a
218	<i>Pycnonotus striatus</i>	Striated Bulbul	Visual observation	Hill Forest	Observed in forest S of Lonnat (17 February 2001).
219	<i>Pycnonotus atriceps</i>	Black-Headed Bulbul	Visual observation	Second growth	n/a
220	<i>Pycnonotus melanicterus</i>	Black-Crested Bulbul	Visual observation	Second growth	n/a

221	<i>Pycnonotus jocosus</i>	Red-Whiskered Bulbul	Preserved specimen, visual observation, historic	Lwin, Agriculture, Second growth, Developed Areas	Captured by local hunter in 2004 approximately 1 km W of Naung Mung; 1 within the limits of the town Naung Mung. 2004: NM/04-3, also in Naung Mung in September 2005; 2 were shot by boy near town centre of Naung Mung Township in 2004; several sight records have been made within the Naung Mung plains in rice paddies and bushy vegetation (e. g. 09 March 2001; 10 February 2004; 10 March 2001); 2 individuals were observed at Nam Ti Rest house (11 March 2001); Putao town near Park Wardens office (11 September 2005); BMNH1939.12.8.132 ad., Kankiu, Kaulback (12 December 1938); BMNH1939.12.8.133 ♀ ad., Htingnan, Kaulback (30 January 1939); BMNH1939.12.8.131 ad., Kankiu, Kaulback (12 December 1938); BMNH1939.12.8.134 ad., Htingnan, Kaulback (30 January 1939).
222	<i>Pycnonotus cafer</i>	Red-Vented Bulbul	Visual observation, historic	Lwin, Agriculture, Second growth, Developed Areas	1 individual was observed near the site NM/01-1 near Naung Mung (09 March 2001); BMNH1939.12.8.126 ♀ ad., Kalihtu, Kaulback (21 April 1939); BMNH1939.12.8.128 ♂ ad., Htingnan, Kaulback (13 March 1939); BMNH1939.12.8.129 ♂ ad., Htingnan, Kaulback (30 January 1939); BMNH1941.1.7.167 ♀ ad., Sumprabum, Stanford (25 December 1932); BMNH1939.12.8.127 ♂ ad., Htingnan, Kaulback (08 January 1939).
223	<i>Pycnonotus finlaysoni</i>	Stripe-Throated Bulbul	Visual observation	Lwin, Second growth, Developed Areas	n/a
224	<i>Pycnonotus flavescens</i>	Flavescent Bulbul	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
225	<i>Alophoixus flaveolus</i>	White-Throated Bulbul	Preserved specimen, visual observation, historic	Rainforest, Second growth	Captured in Naung Mung. In 2004: NM/04-2, NM/04-3, NM/04-5, NM/04-2, NT/04-2; 2005: 9 times in Naung Mung; September 2005: 4 captured and 5 released on 08 September and 7 released on 10 September 2005; Also, shot by porter; 1 released on 09 February 2004 and 10 February 2004 in Naung Mung; 1 observation between Shinshanku and Gawlai (07 March 2001); 1 ♂ captured W bank of Nam Tisang river (11 March 2006); 1 ♂ captured W bank of Nam Tisang river (14 March 2006); BMNH1941.12.1.67 ♀ ad., Sumprabum, Stanford (16 March 1934).
226	<i>Hypsipetes mccllellandii</i>	Mountain Bulbul	Preserved specimen, visual observation, historic	Hill Forest, Second growth	2 captures in Nam Ti (September 2005); BMNH1939.12.8.119 ♀ ad., Htingnan, Kaulback (04 February 1939).

227	<i>Hemixos flavala</i>	Ashy Bulbul	Preserved specimen, visual observation, historic	Hill Forest, Second growth	2 individuals captured in Naung Mung (September 2005); BMNH1941.12.1.82 ♂ ad., Sumprabum, Stanford (22 December 1932); BMNH1941.12.1.86 ♂ ad., Kawapang, Stanford (16 December 1932); BMNH1941.12.1.84 ♂ ad., Tutuga, Stanford (19 January 1933); BMNH1941.12.1.85 ♀ ad., Tutuga, Stanford (16 January 1933).
228	<i>Hypsipetes leucocephalus</i>	Black Bulbul	Visual observation	Second growth	Observed several times while crossing the Putao plains, both on 09 February 2001 and 03 February 2004. Also, near Nam Ti rest house (11 March 2001, 11 February 2001).
	SYLVIIDAE	Flycatchers	n/a	n/a	n/a
229	<i>Megalurus palustris</i>	Striated Grassbird	Visual observation	Lwin, Second growth	n/a
230	<i>Oligura castaneocoronata</i>	Chestnut-Headed Tesia	Visual observation	Hill Forest	n/a
231	<i>Tesia olivea</i>	Slaty-Bellied Tesia	Preserved specimen	Rainforest, Hill Forest, Second growth	2 individuals captured 2004 at NM/04-2. 2 at NM/04-3. 1 ♂ captured W bank of Nam Tisang river 09 March 2006.
232	<i>Tesia cyaniventer</i>	Grey-Bellied Tesia	Visual observation	Hill Forest	n/a
233	<i>Cettia fortipes</i>	Brown-Flanked Bush-Warbler	Visual observation	Hill Forest, Second growth	n/a
234	<i>Cettia acanthizoides</i>	Hume's Bush-Warbler	Visual observation	Hill Forest, Highland Forest, Second growth	n/a
235	<i>Cettia brunnifrons</i>	Grey-Sided Bush-Warbler	Visual observation	Alpine Forest	n/a
236	<i>Bradypterus tacsanowskii</i>	Chinese Bush-Warbler	Visual observation	Second growth	n/a
237	<i>Phylloscopus fuscatus</i>	Dusky Warbler	Visual observation, historic	Second growth	BMNH1941.12.175 ♀, Tutuga, Stanford (14 January 1933).
238	<i>Phylloscopus affinis</i>	Tickell's Leaf-Warbler	Visual observation	Second growth	n/a
239	<i>Phylloscopus subaffinis</i>	Buff-Throated Warbler	Visual observation	Second growth	n/a
240	<i>Phylloscopus maculipennis</i>	Ashy-Throated Warbler	Visual observation	Hill Forest, Highland Forest	n/a
241	<i>Phylloscopus proregulus</i>	Palla's Leaf-Warbler	Visual observation	Second growth	1 captured in Naung Mung town by local hunter (12 February 2004).
242	<i>Phylloscopus chloronotus</i>	Lemon-Rumped Warbler	Visual observation	Hill Forest, Highland Forest	n/a
243	<i>Phylloscopus trochiloides</i>	Greenish Warbler	Visual observation	Rainforest	n/a
244	<i>Phylloscopus reguloides</i>	Blyth's Leaf-Warbler	Visual observation	Hill Forest	n/a
245	<i>Phylloscopus cantator</i>	Yellow-Vented Warbler	Preserved specimen and visual observation	Rainforest, Hill Forest, Second growth	1 ♂ captured on W bank of Nam Tisang river (near Naung Mung) on (08 March 2006); 1 undetermined sex captured W bank of Nam Tisang river (12 March 2006); 1 ♀ S bank of river S of U Ring Ga rest house (20 March 2006).
246	<i>Phylloscopus trivirgatus</i>	Mountain Leaf-Warbler	Visual observation	Rainforest	Sight record 17 February 2001 in Lonnat.
247	<i>Seicercus affinis</i>	White-Spectacled Warbler	Preserved specimen	Rainforest, Hill Forest	Captured: NM/04-3. 1 sight record at NM/04-3 on 10 February 2004. 1 ♂ captured U Ring Ga rest house (17 March 2006).
248	<i>Seicercus burkii</i>	Golden-Spectacled Warbler	Preserved specimen (skeleton) and visual observation	Rainforest, Hill Forest, Highland Forest	1 ♂ skeleton in Naung Mung (14 March 2006).
249	<i>Seicercus tephrocephalus</i>	Grey-Crowned Warbler	Preserved specimen	Hill Forest	Captured 2004: NM/04-2, NM/04-3. Several released (10 February 2004).
250	<i>Seicercus whistleri</i>	Whistler's Warbler	Preserved specimen	Hill Forest	1 ♂ captured in Nam Ti (19 February 2004).

251	<i>Seicercus poliogenys</i>	Grey-Cheeked Warbler	Preserved specimen	Rainforest, Hill Forest	Captured: Naung Mung, Nagwa, Wangsewan, Tazutu. 2004: NM/04-2, NM/04-5. 4 individuals released on 28 February 2001 in Tazungdam. In a small flock with <i>Alcippe cinerea</i> between Wangsewan and Nagwa (03 March 2001). Joined in a flock with <i>Stachyris chrysaea</i> all together 8 individuals (04 March 2001). 1 observation between Shinshanku and Gawlai (07 March 2001). Another small flock together with <i>Alcippe cinerea</i> was observed between Gawlai and Tazutu (08 March 2001). 1 ♀ captured W bank of Nam Tisang river (09 March 2006). 2 ♀ captured U Ring Ga rest house (18 March 2006).
252	<i>Seicercus castaniceps</i>	Chestnut-Crowned Warbler	Visual observation	Rainforest, Hill Forest	n/a
253	<i>Tickellia hodgsoni</i>	Broad-Billed Warbler	Visual observation	Hill Forest, Second growth	n/a
254	<i>Abroscopus albogularis</i>	Rufus-Faced Warbler	Preserved specimen, historic	Rainforest, Hill Forest	Captured 2001 in Naung Mung, 2004: NM/04-3, NT/04-2 (1 released on 09 February 2004). 1 ♀ captured on W bank of Nam Tisang river (near Naung Mung) on 09 March 2006. 1 ♂ captured W bank of Nam Tisang river (13 March 2006). 1 ♂ captured U Ring Ga rest house (18 March 2006); BMNH1937.1.7.355 ♀, Supkaya, Stanford (15 March 1934); BMNH1937.1.7.3530 ♀, Punlumbum, Stanford (18 March 1934); BMNH1937.1.7.352 ♂ ad., Tutuga, Stanford (19 January 1933); BMNH1937.1.7.354 ad., Tutuga, Stanford (13 January 1933); BMNH1937.1.7.351 ♀ ad., Tutuga, Stanford (14 January 1933); BMNH1937.1.7.356 ad., Tutuga, Stanford (16 January 1933).
255	<i>Abroscopus schisticeps</i>	Black-Faced Warbler	Visual observation	Hill Forest	Observed in mixed species flock in riparian Second growth along the Nmai Hka S of Tezutu (28 February 2001).
	TIMALIDAE	Babblers Parrotbills	n/a	n/a	n/a
256	<i>Pellorneum albiventre</i>	Spot-Throated Babbler	Preserved specimen and visual observation	Second growth	Captured at NM/04-3 on 09 and 10 February 2004.
257	<i>Pellorneum ruficeps</i>	Puff-Throated Babbler	Preserved specimen and visual observation	Rainforest, Second growth	Captured in Nam Ti in old Second growth (20 m tall trees) near natural evergreen forest. NT/04-2.
258	<i>Pellorneum tickelli</i>	Buff-Breasted Babbler	Preserved specimen, visual observation, historic	Hill Forest, Second growth	Captured at NM/04-5 on 12 February 2004 and 13 February 2004; captured also once September 2005 (2005-045); 1 ♂, 1 ♀ captured W bank of Nam Tisang river 09 March 2006 BMNH1939.12.8.169 ♂, Lunghkang Ga, Kaulback (26 January 1939).
259	<i>Malacocincla abboti</i>	Abbott's Babbler	Preserved specimen	Rainforest	Captured 2004 at NM/04-3 (2004-105).
260	<i>Pomatorhinus ruficollis</i>	Streak-Breasted Scimitar-Babbler	Not observed, but likely species since ~ 67 km S of area of interest in Kambaiti as documented by specimens in NRM (Own database sequence is 5280, no NRM accession number yet, assigned field number 2410, labeled as <i>similes</i> , ♀ ad., Kambaiti, Myitkyina, Kachin, collected by Malaise on 9 May 1934)	n/a	n/a

261	<i>Pomatorhinus ochraceiceps</i>	Red-Billed Scimitar-Babbler	Preserved specimen and visual observation	Rainforest	1 ♂ captured U Ring Ga rest house (18 March 2006).
262	<i>Pomatorhinus ferruginosus</i>	Coral-Billed Scimitar-Babbler	Preserved specimen, visual observation, historic	Rainforest	Captured at Naung Mung, NM/04-1, NM/04-3, NT/04-2, 1 ♂ Maza (06 March 2006); BMNH1939.12.8.140 ♀, Htingnan, Kaulback (08 January 1939).
263	<i>Xiphirhynchus superciliaris</i>	Slender-Billed Scimitar-Babbler	Visual observation	Rainforest	n/a
264	<i>Jabouilleia naungmungensis</i>	Naung Mung Scimitar-Babbler	Preserved specimen and visual observation	Rainforest	3 ♀ individuals captured at Naung Mung; 2 at NM01-1 (06 February 2004), 1 at NM04-3 (08 February 2004), 1 ♂ at NM04-2 (13 March 2006). Remains of 1 individual where found in a net at U Ring Ga (S bank of river S of U Ring Ga rest house), after the netted individual was probably preyed on by a medium sized predator (20 March 2006);.
265	<i>Rimator malacoptilus</i>	Long-Billed Wren-Babbler	Preserved specimen	Rainforest	2 captured at Shinshanku (16 February 2001).
266	<i>Napothera brevicaudata</i>	Streaked Wren-Babbler	Preserved specimen and visual observation	Rainforest	Captured at NM/01-1 (skeleton), NT/04-2; 1 ♂ Maza (07 March 2006).
267	<i>Napothera epilepidota</i>	Eyebrowed Wren-Babbler	Preserved specimen and visual observation	Rainforest	Captured in Maza. NM/04-1, NM/04-5, NT/04-2. 1 ♂ captured W bank of Nam Tisang river (11 March 2006). 1 ♀ captured W bank of Nam Tisang river (14 March 2006). 1 undetermined sex captured U Ring Ga rest house (17 March 2006). 1 ♂ captured S bank of river S of U Ring Ga rest house (19 March 2006).
268	<i>Pnoepyga pusilla</i>	Pygmy Wren-Babbler	Preserved specimen	Rainforest	Captured in Tazungdam.
269	<i>Spelaornis reptatus</i>	Gray-Bellied Wren-Babbler	Visual observation	Rainforest	as <i>S. chocolatinus</i> .
270	<i>Sphenocichla humei</i>	Wedge-Billed Wren-Babbler	Preserved specimen, historic	Rainforest	2 individuals captured in evergreen forest in Maza. 4 specimens identified as juveniles from September 2005 from Naung Mung;.
271	<i>Sphenocichla roberti</i>	Chevron-Breasted Wren-Babbler	Historic only	n/a	BMNH1939.12.8.214 ♀ immat. (?), Nam Tamai Valley at 27.2 N 97.9 E, Kaulback (23 August 1938); BMNH1939.12.8.213, Matsatap, Kaulback (10 December 1938).
272	<i>Stachyris rufifrons</i>	Rufus-Fronted Babbler	Preserved specimen	Rainforest	Recorded at Tahawndam (25 February 2001).
273	<i>Stachyris ruficeps</i>	Rufus-Capped Babbler	Preserved specimen and visual observation	Rainforest, Hill Forest, Second growth	Captured at Naung Mung (11 February 2001) and Lonnat (17 February 2001); Tahawndam.
274	<i>Stachyris chrysaea</i>	Golden Babbler	Preserved specimen, visual observation, historic	Rainforest	Captured: Naung Mung (2001, 2004, September 2005), Tazungdam, Tazuku. 2004: NM/04-5. 1 released in Tazungdam on 28 February 2001; joined in a flock with <i>Seicercus poliogenys</i> all together 8 individuals (04 March 2001); BMNH1934.12.8.179 ♀, Htingnan, Kaulback (04 February 1939).

275	<i>Stachyris nigriceps</i>	Grey-Throated Babbler	Preserved specimen, visual observation, historic	Rainforest	Captured: Naung Mung, Lonnat, Tazutu, NM/01-1, NM/04-1, NM/04-5. 1 released at NT/04-2 (18 February 2004). 1 released at Tazutu (27 February 2001) and 3 at Tazungdam (28 February 2001). 1 individual observed between Shinshanku and Gawlai (07 March 2001). 1 ♀ captured W bank of Nam Tisang river (12 March 2006); BMNH1941.12.1.578 (coltarti) ♂, Sumprabum, Stanford (24 December 1932); BMNH1941.12.1.576 (coltarti) ♂ ad., Tingpai, Stanford (17 December 1932).
276	<i>Stachyris striolata</i>	Spot-Necked Babbler	Preserved specimen	Rainforest	Captured in Naung Mung.
277	<i>Stachyris oglei</i>	Snowy-Throated Babbler	Preserved specimen	Rainforest	2 ♂ captured W bank of Nam Tisang river (10 March 2006), 1 captured W bank of Nam Tisang river (11 March 2006)
278	<i>Babax [lanceolatus] woodi</i>	Mount Victoria Babax	Not observed, but likely species since ~ 67 km S of area of interest in Kambaiti as documented by specimens in NRM)	n/a	n/a
279	<i>Garrulax leucolophus</i>	White-Crested Laughingthrush	Preserved specimen and visual observation	Rainforest, Second growth	Captured 2004 at NM/04-3, NM/04-5 and in Naung Mung in September 2005. Flock was located between Gawai and Wangsewang (02 March 2001). A small flock of approximately 5 individuals was observed near Gawlai (~ 1 km N; 07 March 2001 and 08 March 2001). 1 captured W bank of Nam Tisang river 09 March 2006. 1 ♀ captured U Ring Ga rest house (17 March 2006).
280	<i>Garrulax monileger</i>	Lesser Necklaced Laughingthrush	Preserved specimen, visual observation, historic	Rainforest, Second growth	1 ♂, 1 ♀ captured U Ring Ga rest house (19 March 2006); BMNH1937.12.8.147 ♂, Htingnan, Kaulback (12 January 1939); BMNH1937.1.7.571, Putao, Stanford (January 1935); BMNH1939.12.8.148 ♀, Htingnan, Kaulback (12 January 1939).
281	<i>Garrulax pectoralis</i>	Greater Necklaced Laughingthrush	Preserved specimen, visual observation, historic	Rainforest, Second growth	Observed between Gawlai and Tazutu (08 March 2001) and to Naung Mung (09 March 2001); BMNH1937.1.7.569 ♂, Tutuga, Stanford (13 January 1933); BMNH1941.12.1.136 ♂, Sumprabum, Stanford (18 December 1933).
282	<i>Garrulax delesserti</i>	Rufus-Vented Laughingthrush	Preserved specimen, historic	Rainforest, Second growth	2 ♂, 1 ♀, 1 undetermined sex captured U Ring Ga rest house (17 March 2006); BMNH1937.1.7.573, Putao, Stanford (January 1935); BMNH1937.1.7.574, Putao, Stanford (January 1935); BMNH1937.1.7.572, Hkamko, Stanford (31 December 1932); BMNH1939.12.8.151 ♂, Htingnan, Kaulback (11 March 1939); BMNH1939.12.8.152 ♂, Htingnan, Kaulback (12 March 1939).
283	<i>Garrulax striatus</i>	Striated Laughingthrush	Visual observation, historic	Rainforest	Captured: Nagwa, Tahawndam. Sight record between Pangnamdim and Lonnat (17 February 2001) and between Gawai and Wangsewang (02 March 2001); BMNH1940.1.1.9 ♀, Ahke, Kaulback (25 March 1939).

284	<i>Garrulax nuchalis</i>	Chestnut-Backed Laughingthrush	Preserved specimen, visual observation, historic	Rainforest, Second growth	2 captured at Gawlai on 07 March 2001 in Second growth that was used heavily by cattle; 1 ♀ captured U Ring Ga rest house (20 March 2006); BMNH1937.1.7.542 ♀, Putao, Stanford (December 1934); BMNH1939.12.8.160 ♂, Htisyenyang, Kaulback (21 March 1939); BMNH1939.12.8.162 ♀, Htingnan, Kaulback (27 January 1939); BMNH1939.12.8.163 ♀, Htingnan, Kaulback (27 January 1939); BMNH1939.12.8.159 ♂, Ninga, Kaulback (02 January 1939); BMNH1939.12.8.161, Htisyenyang, Kaulback (21 March 1939).
285	<i>Garrulax rufogularis</i>	Rufus-Chinned Laughingthrush	Preserved specimen	Rainforest	Captured at Naung Mung in September 2005. 1 ♂ captured U Ring Ga rest house (16 March 2006). 1 [♂] captured U Ring Ga rest house (17 March 2006). 1 ♂, 1 ♀ captured U Ring Ga rest house (18 March 2006).
286	<i>Garrulax ruficollis</i>	Rufus-Necked Laughingthrush	Historic only	n/a	BMNH1931.1.7.550 ♀, Tutuga, Stanford (12 June 1933); BMNH1937.1.7.548, Kalihtu, Stanford (22 March 1934); BMNH1937.1.7.549, Hkamko, Stanford (31 December 1932); BMNH1937.1.7.551, Putao, Stanford (January 1935); BMNH1948.80.1569, Hkamko, Stanford (31 December 1932).
287	<i>Garrulax merulinus</i>	Spot-Breasted Laughingthrush	Preserved specimen	Rainforest, Hill Forest	1 juv. in Nam Ti (July 2006).
288	<i>Garrulax sannio</i>	White-Browed Laughingthrush	Not observed, but likely species since ~ 67 km S of area of interest in Kambaiti as documented by specimens in NRM (NRM571038 Kambaiti, Myitkyina, Malaise 20 June 1934)	n/a	n/a
289	<i>Garrulax squamatus</i>	Blue-Winged Laughingthrush	Preserved specimen, visual observation, historic	Rainforest	Captured at Maza guest house (1 ♂, 1 ♀; 06 March 2006); BMNH1939.12.8.138 ♂, Htingnan, Kaulback (27 January 1939).
290	<i>Garrulax subunicolor</i>	Scaly Laughingthrush	Preserved specimen	Hill Forest	Captured in Tahawndam near the river (26 February 2001).
291	<i>Garrulax affinis</i>	Black-Faced Laughingthrush	Preserved specimen	Hill Forest	Captured in Tahawndam.
292	<i>Garrulax erythrocephalus</i>	Chestnut-Crowned Laughingthrush	Preserved specimen	Hill Forest	Captured: Tazutu (4 individuals captured).
293	<i>Garrulax milnei</i>	Red-Tailed Laughingthrush	Visual observation	Second growth	n/a
294	<i>Liocichla phoenicea</i>	Red-Faced Liocichla	Preserved specimen	Hill Forest	Captured in Lonnat (March 2001), Pangnamdim (05 March 2001), and Naung Mung (September 2005).
295	<i>Leiothrix argenteauris</i>	Silver-Eared Mesia	Preserved specimen, visual observation, historic	Rainforest, Hill Forest, Second growth	Captures at Naung Mung, Tasaku in 2004: NT/04-2 (the latter 7 individuals, released: 5); 8 captured but 6 were released in Tazutu (08 March 2001); BMNH1941.12.1.663 ♂ ad., Sumprabum, Stanford (20 December 1932); BMNH1939.12.8.203 ad., Mantum, Kaulback (26 August 1939); BMNH1939.12.8.204 ♂ ad., Htingnan, Kaulback (30 January 1939).
296	<i>Leiothrix lutea</i>	Red-Billed Leiothrix	Preserved specimen and visual observation	Rainforest, Second growth	1 ♂ captured U Ring Ga rest house (16 March 2006); 1 ♀ captured U Ring Ga rest house (17 March 2006).
297	<i>Cutia nipalensis</i>	Cutia	Visual observation	Rainforest, Hill Forest	n/a
298	<i>Pteruthius rufiventer</i>	Black-Headed Shrike-Babbler	Visual observation	Hill Forest	n/a
299	<i>Pteruthius flaviscapis</i>	White-Browed Shrike-Babbler	Visual observation	Rainforest, Hill Forest	n/a

300	<i>Pteruthius xanthochlorus</i>	Green Shrike-Babbler	Visual observation	Hill Forest	n/a
301	<i>Pteruthius melanotis</i>	Black-Eared Shrike-Babbler	Visual observation	Rainforest, Hill Forest	Observed in mixed-species flock in Second growth forest bordering river near Bawa (10 February 2001).
302	<i>Gampsorhynchus rufulus</i>	White-Hooded Babbler	Visual observation	Second growth	n/a
303	<i>Actinodura egertoni</i>	Rusty-Fronted Barwing	Visual observation	Rainforest, Hill Forest	n/a
304	<i>Actinodura waldeni</i>	Streak-Throated Barwing	Visual observation	Hill Forest, Second growth	n/a
305	<i>Minla cyanouroptera</i>	Blue-Winged Minla	Visual observation, historic	Rainforest, Hill Forest	BMNH1939.12.8.200 ♀ ad., Htingnan, Kaulback (04 February 1939).
306	<i>Minla strigula</i>	Chestnut-Tailed Minla	Visual observation, Historic	Hill Forest	Not observed, but likely species since ~ 67 km S of area of interest in Kambaiti as documented by three specimens in NRM (no collection numbers available): <i>M. s. yunnanensis</i> ♀ ad., Kambaiti, Malaise (09 May 1934); <i>M. s. yunnanensis</i> ♀ ad., Kambaiti, Malaise (23 April 1934); <i>M. s. yunnanensis</i> , Kambaiti, Malaise (03 May 1934)
307	<i>Minla ignotincta</i>	Red-Tailed Minla	Preserved specimen, historic	Rainforest, Hill Forest	♂ captured in Naung Mung (10 March 2004); BMNH1939.12.8.207 ♂ ad., Htingnan, Kaulback (no date) and in Kambaiti area (NRM) <i>M. ignotincta</i> ignotincta, Kambaiti, Malaise (May 1934).
308	<i>Alcippe cinerea</i>	Yellow-Throated Fulvetta	Preserved specimen	Rainforest, Hill Forest, Second growth	Captured: Tezutu in evergreen forest. 28 released at Tazungdam (28 February 2001). Observed in a small flock with <i>Seicercus poliogenys</i> between Wangsewang and Naung Mung (03 March 2001). Several individuals (5) released at Lonnat (05 March 2001). 1 flock of 10 individuals was captured and released near Pangnamdim (05 March 2001) in bamboo thicket near the ground, i. e. the lower part (1 m) of the net. Another flock of 5 individuals was observed between Pangnamdim and Shinshanku (06 March 2001).
309	<i>Alcippe castaneiceps</i>	Rufus-Winged Fulvetta	Visual observation	Rainforest, Hill Forest	Captured: Tahawndam, Maza. In 2004 at NT/04-1; 1 ♂ captured W bank of Nam Tisang river (10 March 2006); 1 ♀ captured W bank of Nam Tisang river (14 March 2006).
310	<i>Alcippe vinipectus</i>	White-Browed Fulvetta	Visual observation, preserved specimen	Hill Forest	Captured on slope N of Tahawndam village (25 February 2001).
311	<i>Alcippe cinereiceps</i>	Streak-Throated Fulvetta	Preserved specimen and visual observation	Hill Forest	1 ♂, 1 ♀, 1 undetermined captured in Tahawndam (N slope) (24/25 February 2001).
312	<i>Alcippe rufogularis</i>	Rufus-Throated Fulvetta	Preserved specimen, visual observation, historic	Rainforest	Captured in Naung Mung (2001, 2004, September 2005), Gawlai, NM/04-1, NM/04-2, NM/04-3, NT/04-2; several released (10 February 2004); 5 captured at NT/04-2 (19 February 2004) but 2 of them released; 2 ♂, 1 ♀ captured W bank of Nam Tisang river (12 March 2006); BMNH1941.12.1.560, Tutuga, Stanford (28 December 1932); BMNH1941.12.1.555 ♂, Tutuga, Stanford (28 December 1932).

313	<i>Alcippe poiocephala</i>	Brown-Cheeked Fulvetta	Preserved specimen	Rainforest, Second growth	Observed in mixed species flock in riparian Second growth along the Namai Hka S of Tezutu (28 February 2001).
314	<i>Alcippe morrisonia</i>	Grey-Cheeked Fulvetta	Preserved specimen and visual observation	Rainforest, Hill Forest	Frequently captured and observed in small flocks with ~ 10 individuals. Captured near Babwa, Naung Mung, Lonnat, and Shinshanku. NM/01-1, NM/04-1, NM/04-3, NM/04-5, NT/04-2. 5 released on 12 February 2004. 11 captured (but 10 of those released) at NT/04-2 (18 February 2004). 3 released on 19 February 2004 at NT/04-2. 5 released at Lonnat (05 March 2001). A small flock was observed between Shinshanku and Gawlai (07 March 2001) with joined species (<i>Seicercus poliogenys</i> , <i>Alcippe cinerea</i>). 2 were captured and released near Maza (11 March 2001). 2 ♂, 1 undetermined sex Naung Mung (on bank of Nam Tisang River S of Naung Mung). 1 ♂ captured W bank of Nam Tisang river 09 March 2006. 1 ♂ captured W bank of Nam Tisang river (14 March 2006); captured 2004: NM/04-2, NM/04-3, NM/04-5; 3 captured in Naung Mung (September 2005) and 8 released in Naung Mung on 09 September 2005; 11 released (09 February 2004).
315	<i>Alcippe nipalensis</i>	Nepal Fulvetta	Historic only	n/a	BMNH1939.12.8.121 <i>Alcippe nipalensis</i> [sic!] ♀ ad., Htingnan, Kaulback (30 January 1939).
316	<i>Heterophasia annectans</i>	Rufus-Backed Sibia	Preserved specimen and visual observation	Rainforest, Hill Forest	1 juv. capture in Nam Ti (July 2006); observed several in Nam Ti during breeding.
317	<i>Heterophasia pulchella</i>	Beautiful Sibia	Preserved specimen, historic	Hill Forest, Highland Forest	BMNH1931.12.8.185 ♂, Htingnan, Kaulback (13 March 1939).
318	<i>Heterophasia picaoides</i>	Long-Tailed Sibia	Preserved specimen, historic	Hill Forest, Highland Forest	Captured: Naung Mung, Tahawndam, Tazutu; 1 observation at Nam Ti rest house (11 March 2001); BMNH1941.5.39.105, Kadak Bum, no collector (January 1933); BMNH1941.5.30.106, Hukaung Valley at 26.17 N 96.75 E, no collector (February 1933).
319	<i>Yuhina castaniceps</i>	Striated Yuhina	Preserved specimen and visual observation	Second growth	1 undetermined sex, 1 ♀ captured W bank of Nam Tisang river (10 March 2006).
320	<i>Yuhina bakeri</i>	White-Naped Yuhina	Visual observation	Hill Forest, Second growth	Captured in Maza (evergreen forest).
321	<i>Yuhina flavicollis</i>	Whiskered Yuhina	Visual observation, historic	Hill Forest, Second growth	Recorded at Shinshanku 15 February 2001, and Tahawndam at 25 February 2001 (2,500 m; N slope of Tahawndam); BMNH1939.12.8.193 ♂ ad., Htingnan, Kaulback (04 February 1939); BMNH1939.12.8.194 ♂ ad., Htingnan, Kaulback (04 February 1939).
322	<i>Yuhina gularis</i>	Stripe-Throated Yuhina	Visual observation	Hill Forest, Second growth	Observed in temperate Rainforest N of Gawlai (07 March 2001).
323	<i>Yuhina occipitalis</i>	Rufus-Vented Yuhina	Visual observation	Hill Forest	n/a

324	<i>Yuhina nigrimenta</i>	Black-Chinned Yuhina	Preserved specimen, visual observation, historic	Rainforest, Hill Forest, Second growth	Captured on way between Pangnamdim and Shinshanku. In 2004 at Nam Ti (NT/04-1); also observations between Shinshanku and Gawlai (07 March 2001); 6 individuals were observed at the Nam Ti rest house (11 March 2001); 1 individual was shot by porter near Pangnamdim (16 February 2001); BMNH1939.12.8.197 ♀ ad., Htingnan, Kaulback (04 February 1939); BMNH1939.12.8.198 ♂ ad., Htingnan, Kaulback (27 January 1939); BMNH1941.12.1.391 ♂ ad., Maitongkha, Stanford (18 December 1932); BMNH1941.12.1.392 ad., Hkamko, Stanford (31 December 1932).
325	<i>Erpornis zantholeuca</i>	White-Bellied Yuhina	Preserved specimen and visual observation	Rainforest, Second growth	Captured 2004: NM/04-2, NM/04-3, NT/04-1. 1 ♂ captured W bank of Nam Tisang river (11 March 2006). 1 ♂, 1 ♀ captured W bank of Nam Tisang river (12 March 2006).
326	<i>Paradoxornis nipalensis</i>	Black-Throated Parrotbill	Preserved specimen	Rainforest, Hill Forest, Second growth	Captured at Pangnamdim (16 February 2001).
327	<i>Paradoxornis brunneus</i>	Brown-Winged Parrotbill	Not observed, but likely species since ~ 67 km S of area of interest in Kambaiti as documented by specimens in NRM (NRM571047 ♂ ad., Kambaiti, Myitkyina, Kachin State, by Malaise on 20 April 1934; NRM571048 ♀ ad., Kambaiti, Myitkyina, Kachin State, Malaise 03 May 1934)	n/a	n/a
328	<i>Paradoxornis fulvifrons</i>	Fulvous Parrotbill	Not observed, but possible species since observed in Yunnan as documented by specimens in NRM (with collection number 'USNM314491' ♂ ad., Ndamucho, Yunnan, China by J. F. Rock on 01 October 1929)	n/a	n/a
329	<i>Paradoxornis atrosuperciliaris</i>	Lesser Rufus-Headed Parrotbill	Preserved specimen	Second growth	Captured at Naung Mung.
330	<i>Paradoxornis ruficeps</i>	Greater Rufus-Headed Parrotbill	Visual observation	Second growth	3 individuals at NT/04-2. 1 ♂, 1 ♀ captured U Ring Ga rest house (18 March 2006).
331	<i>Paradoxornis gularis</i>	Grey-Headed Parrotbill	Visual observation, historic	Hill Forest, Second growth	BMNH1939.12.8.209 ad., Htingnan, Kaulback (04 February 1939); BMNH1941.12.1.146 ♂ ad., Tutuga, Stanford (12 January 1933).
332	<i>Myzornis pyrrhoura</i>	Fire-Tailed Myzornis	Visual observation	Hill Forest	n/a
	ZOSTEROPIDAE	White-Eyes	n/a	n/a	n/a
333	<i>Zosterops palpebrosus</i>	Oriental White-Eye	Visual observation	Second growth	Observed near Naung Mung (09 March 2001) and Nam Ti rest house (11 March 2001).
	IRENIDAE	Fairy-Bluebirds	n/a	n/a	n/a
334	<i>Irena puella</i>	Asian Fairy-bluebird	Visual observation	Rainforest	n/a
	REGULIDAE	Goldcrests Kinglets	n/a	n/a	n/a
335	<i>Regulus regulus</i>	Goldcrest	Visual observation	Alpine Forest, Highland Forest	n/a
	SITTIDAE	Nuthatches Wallcreepers	n/a	n/a	n/a
336	<i>Sitta cinnamoventris</i>	Chestnut-Bellied Nuthatch	Historic	Rainforest	BMNH1931.1.7.277 ♂ (sex not taken from label!) ad., Tutuga, Stanford (12 January 1933).
337	<i>Sitta himalayensis</i>	White-Tailed Nuthatch	Visual observation	Hill Forest, Highland Forest	Observed in mixed species flock in riparian Second growth along the Namai Hka S of Tezutu on 28 Feb 2001.

338	<i>Sitta frontalis</i>	Velvet-Fronted Nuthatch	Visual observation, historic	Hill Forest	BMNH1937.1.7.283 ♀ ad., Tutuga, Stanford (13 January 1933); BMNH1937.1.7.284 ♂ ad. Supkaya, Stanford (15 March 1934).
339	<i>Sitta formosa</i>	Beautiful Nuthatch	Preserved specimen, historic	Rainforest, Hill Forest	2 captures in Maza within evergreen forests; a third captive was released (10 March 2001); BMNH1939.12.8.244 ♂, Htingnan, Kaulback (30 January 1939).
	CERTHIDAE	Treecreepers	n/a	n/a	n/a
340	<i>Certhia nipalensis</i>	Rusty-Flanked Treecreeper	Visual observation	Highland Forest, Alpine Forest	n/a
	STURNIDAE	Starlings	n/a	n/a	n/a
341	<i>Gracula religiosa</i>	Hill Myna	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
342	<i>Acridotheres javanicus</i>	White-Vented Myna	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	Observed in open fields of Putao Plain (09 Feb 2001, 15 Sep 2005, 03 Mar 2006).
343	<i>Acridotheres albocinctus</i>	Collared Myna	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
344	<i>Acridotheres tristis</i>	Common Myna	Visual observation, historic.	n/a	BMNH1939.12.8.278 ♂ ad., Htingnan, Kaulback (10 March 1939); BMNH1939.12.8.279 ♀ ad., Htingnan, Kaulback (30 January 1939); BMNH1939.12.8.280 ♀ ad., Htingnan, Kaulback (30 January 1939); BMNH1937.1.7.666 ad., Putao, Stanford (05 January 1933)
345	<i>Sturnus contra</i>	Asian Pied Starling	Visual observation	Developed areas, Second growth	Sight record at Nam Ti (18 February 2004), and between Putao and Alung-dung Ku (09 February 2001).
346	<i>Sturnus malabaricus</i>	Chestnut-Tailed Starling	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	Observed in 10 m high tree nearby the Nam Ti rest house (11 March 2001).
	TURDIDAE	Thrushes	n/a	n/a	n/a
347	<i>Myophonus caeruleus</i>	Blue Whistling-Thrush	Preserved specimen	Rainforest, Hill Forest	Captured: Wangsewang in Second growth.
348	<i>Zoothera citrina</i>	Orange-Headed Thrush	Preserved specimen and visual observation	Rainforest	Captured in Naung Mung (September 2005).
349	<i>Zoothera dixonii</i>	Long-Tailed Thrush	Preserved specimen	Hill Forest, Highland Forest	Captured in Gawai 02 March 2001.
350	<i>Zoothera dauma</i>	Scaly Thrush	Visual observation	Hill Forest, Highland Forest	n/a
351	<i>Turdus dissimilis</i>	Black-Breasted Thrush	Visual observation	Hill Forest	n/a
352	<i>Turdus albocinctus</i>	White-Collared Blackbird	Historic only	n/a	BMNH1937.1.7.447 ♀ ad., Hukaung Valley near N'Ding, Stanford (11 February 1936).
353	<i>Turdus boulboul</i>	Grey-Winged Blackbird	Not observed, but likely species since ~ 69 km S of the area of interest in Sadon (♀, Sadon close to Myitkyina at 25.350 N, 97.900 E, collected by Stanford on 05 March 1933) as documented by specimens in BMNH	n/a	n/a
354	<i>Turdus merula</i>	Eurasian Blackbird	Visual observation	Second growth	n/a
355	<i>Turdus rubrocanus</i>	Chestnut Thrush	Visual observation	Highland Forest, Alpine Forest	n/a
356	<i>Turdus ruficollis</i>	Red-Throated Thrush	Visual observation	Highland Forest, Second growth	n/a
357	<i>Turdus naumanni</i>	Naumann's Thrush	Visual observation	Hill Forest, Highland Forest, Second growth	n/a
358	<i>Brachypteryx hyperythra</i>	Rusty-Bellied Shortwing	Preserved specimen	Rainforest	2 ♀ were captured 2004 at NM/04-3.
359	<i>Brachypteryx leucophrys</i>	Lesser Shortwing	Preserved specimen	Rainforest, Hill Forest	1 capture in wet Second growth with scattered trees and bamboo thickets in Lonnat (2001-138), 1 in Pangnamdim in 2001 (2001-129).
360	<i>Brachypteryx montana</i>	White-Browed Shortwing	Visual observation	Hill Forest, Highland Forest	n/a
	MUSCICAPIDAE	Chats Old	n/a	n/a	n/a
		World Flycatchers	n/a	n/a	n/a

361	<i>Luscinia pectoralis</i>	White-Tailed Rubythroat	Visual observation	Secondary growth	1 sight record of ♀ at small river Kasaung Hka, 1 km W of Naung Mung on 11 February 2004 and 12 February 2004.
362	<i>Luscinia cyane</i>	Siberian Blue-Robin	Visual observation	Hill Forest, Second growth	n/a
363	<i>Luscinia cyanurus</i>	Orange-Flanked Bush-Robin	Preserved specimen and visual observation	Hill Forest	Captured: Lonnat, Gawlai (Lonnat 05 March 2001).
364	<i>Copsychus saularis</i>	Oriental Magpie-Robin	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	Observed near Naung Mung, approximately 1 km W at site NM/01-1 (09 March 2001).
365	<i>Copsychus malabaricus</i>	White-Rumped Shama	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
366	<i>Phoenicurus aureus</i>	Daurian Redstart	Visual observation	Second growth	Captured in Nagwa within wet Second growth (3 to 7 m).
367	<i>Rhyacornis fuliginosus</i>	Plumbeous Water Redstart	Preserved specimen and visual observation	Wetlands	Several sight records alongside Nam Tamai; Nam Tamai bridge near Pangnamdim ♂ 18 February 2001, captured in Pangnamdim on 06 March 2001. 1 sight record near Naung Mung (Kasung Hka) on 10 February 2004 and also 12 February 2001. Recorded at Pangnamdim (16 February 2001) and on way from there to Lonnat (17 February 2001; 05 March 2001). On way between Lonnat and Nagwa (18 February 2001), between Tazutu and Karaung (23 February 2001), Karaung and Tahawndam (24 February 2001). Observed along the Nam Tamai between Wangsewang and Nagwa (03 March 2001). 1 breeding site was observed in a tree trunk (diameter of trunk was ~ 30 cm) hanging over the Nam Tamai in 4 m height. Also observed at Nam Tisang near Naung Mung (09 March 2001).
368	<i>Chaimarrornis leucocephalus</i>	White-Capped Water-Redstart	Visual observation, historic	Wetlands	1 individual was singing and sitting on stranded driftwood at a dried river near Gawlai (approximately 2.5 km in N of Gawlai) on 07 March 2001; BMNH1931.1.7.928 ♂ ad., Hpunchankha, Stanford (23 January 1933).
369	<i>Myiomela leucura</i>	White-Tailed Robin	Preserved specimen, visual observation, historic	Rainforest, Hill Forest	1 captured on 10 February 2001 in Babaw Village in Second growth riparian forest; BMNH ♂ ad., Htingnan, Kaulback (11 March 1939).
370	<i>Enicurus scouleri</i>	Little Forktail	Preserved specimen and visual observation	Wetlands	Captured: Lonnat. Sighted at Pangnamdim (16 February 2001) and on way to Lonnat (05 March 2001) and between Lonnat and Nagwa (06 March 2001).
371	<i>Enicurus immaculatus</i>	Black-Backed Forktail	Visual observation	Wetlands	Observed at Kasaung Hka (side branch of the Nam Tisang) (11 February 2004; 09 March 2001).
372	<i>Enicurus schistaceus</i>	Slaty-Backed Forktail	Preserved specimen and visual observation	Wetlands	Captured on streamside (side branch of Nam Tamai) in Pangnamdim. Sight records between Naung Mung and Maza on 15 February 2004.
373	<i>Enicurus leschenaulti</i>	White-Crowned Forktail	Preserved specimen and visual observation	Wetlands	Sighted at Kasaung Hka (side branch near NM/01-1) on 12 February 2001. Also, near Gawlai (14 February 2001). 1 ♂ captured U Ring Ga rest house (18 March 2006).
374	<i>Enicurus maculatus</i>	Spotted Forktail	Visual observation, preserved specimen	Wetlands	Captured in Nam Ti (17 February 2001).

375	<i>Saxicola torquatus</i>	Eurasian Stone Chat	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	Near Alung-dung Ku (09 February 2001).
376	<i>Saxicola caprata</i>	Pied Bush Chat	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
377	<i>Saxicola ferreus</i>	Grey Bush Chat	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	Observed in open fields of Putao Plain (09 February 2001).
378	<i>Monticola solitarius</i>	Blue Rock Thrush	Visual observation	Rainforest	n/a
379	<i>Monticola rufiventris</i>	Chestnut-Bellied Rock Thrush	Visual observation	Hill Forest	n/a
380	<i>Muscicapa dauurica</i>	Asian Brown Flycatcher	Visual observation	Second growth	n/a
381	<i>Ficedula strophiatea</i>	Rufus-Gorgeted Flycatcher	Preserved specimen, historic	Hill Forest, Second growth	Captured: Pangnamdim, Wangsewang, Nagwa, Tazaku, NM/01-1, NM/04-1; 1 ♂ captured W bank of Nam Tisang river 09 March 2006; BMNH1939.12.8.102 ♂ ad., Htingnan, Kaulback (04 February 1939).
382	<i>Ficedula parva</i>	Red-Breasted Flycatcher	Visual observation	Second growth, Developed Areas	n/a
383	<i>Ficedula monileger</i>	White-Gorgeted Flycatcher	Preserved specimen	Rainforest, Hill Forest	Captured: Naung Mung, Pangnamdim, Nagwa, Wangsewan, Tazungdam, NM/01-1, NM/04-1, NM/04-3, NT/04-1. 3 were released at Pangnamdim (06 March 2001). 1 out of 2 captures was released at Tazutu (09 March 2001). 1 captured and released in Maza (10 March 2001). 3 captured in Naung Mung (September 2005), 1 Maza (06 March 2006).
384	<i>Ficedula hyperythra</i>	Snowy-Browed Flycatcher	Preserved specimen and visual observation	Rainforest	Captured 2004 in Naung Mung (NM/04-4, NM/04-5). Also at Nam Ti (NT/04-2). 1 ♂ captured U Ring Ga rest house (16 March 2006). 1 ♀ captured U Ring Ga rest house (17 March 2006). 1 ♀ captured U Ring Ga rest house (18 March 2006).
385	<i>Ficedula westermanni</i>	Little Pied Flycatcher	Visual observation	Rainforest	n/a
386	<i>Ficedula tricolor</i>	Slaty-Blue Flycatcher	Visual observation	Second growth	Captured at Naung Mung (10 March 2001).
387	<i>Ficedula sapphira</i>	Sapphire Flycatcher	Preserved specimen	Hill Forest	1 ♂ captured in Nam Ti (13 September 2006).
388	<i>Eumyias thalassinus</i>	Asian Verditer Flycatcher	Visual observation	Rainforest	n/a
389	<i>Cyornis hainanus</i>	Hainan Blue-Flycatcher	Visual observation	Rainforest	1 individual (♀ 2001-001) captured in Putao near Military Base.
390	<i>Cyornis unicolor</i>	Pale Blue-Flycatcher	Preserved specimen	Rainforest	2 ad. and 1 juv. captured in Naung Mung, 1 ad. captured in Nam Ti (July 2006).
391	<i>Cyornis magnirostris</i>	Large Blue-Flycatcher	Preserved specimen, visual observation	Rainforest, Hill Forest, Second growth	2005-046 ♂ in Naung Mung September 2005.
392	<i>Cyornis banyumas</i>	Hill Blue-Flycatcher	Historic only	Rainforest, Hill Forest, Second growth	BMNH1939.12.8.106 <i>Cyornis banyumas</i> ♂ ad., Htingnan, Kaulback (10 March 1939) → not <i>C. magnirostris</i> ? Check photo.
393	<i>Cyornis tickelliae</i>	Tickell's Blue-Flycatcher	Visual observation	Second growth	n/a
394	<i>Cyornis rubeculoides</i>	Blue-Throated Flycatcher	Preserved specimen	Rainforest	2005-029 (♂?) and 2005-043 ♀ captured in September 2005 in Naung Mung. 1 ♂ captured U Ring Ga rest house (19 March 2006).
395	<i>Niltava sundara</i>	Rufus-Bellied Niltava	Preserved specimen	Rainforest	Captures at S parts of the region at Babaw, Gawlai, and the center of the Hkakabo Razi NP at Nagwa, Wangsewan, Gawai. NM/04-1, NM/04-3. 1 ♂ released in Tazungdam on 28 February 2001. 1 ♂ was released in Tazutu (08 March 2001). 1 ♂ captured U Ring Ga rest house (18 March 2006).

396	<i>Niltava grandis</i>	Large Niltava	Preserved specimen, historic	Rainforest	Captured: Gawlai, Shinshanku, Nagwa, Wangsewan, Lonnat, NM/04-1, NM/04-2, NM/04-3, NM/04-5, NT/04-2; On 12 February 2004 we captured 1 ♀ of the subspecies <i>decorata</i> at NM/04-5; 2 ♀ were released on 10 February 2004 at NM/04-2 and NM/04-3; 1 ♂ released at NT/04-2 (17 February 2004); ♀, ♂ released 18 February 2004 NT/04-2; ♀ on 19 February 2004 (NT/04-2) released; ♂ on 19 February 2004 (NT/04-1) released; 2 (♂, ♀) released on 16 February 2001 at Pangnamdim; 1 capture was released in Maza (10 March 2001); 1 ♂ captured in Naung Mung (September 2005); 1 ♂ Maza (06 March 2006); BMNH1939.12.8.103 ♂ ad., Htingnan, Kaulback (09 January 1939); BMNH1940.1.1.8 ♀ ad., Htingnan, Kaulback (11 March 1939).
397	<i>Niltava macgrigoriae</i>	Small Niltava	Preserved specimen	Rainforest	Captured in Naung Mung (primary evergreen forest) in 2004: NM/04-2, NM/04-3, NM/04-4, NM/04-5, NT/04-2.
398	<i>Culicicapa ceylonensis</i>	Gray-Headed Canary-Flycatcher	Preserved specimen, visual observation, historic	Rainforest	Captured in Gawlai, NM/04-1, NM/04-4, NM/04-5, also in Naung Mung (September 2005); BMNH1937.1.7.104 ♂, Tutuga, Stanford (13 January 1933).
CINCLIDAE					
	Dippers		n/a	n/a	n/a
399	<i>Cinclus pallasii</i>	Brown Dipper	Preserved specimen and visual observation	Wetlands	Captured in streamside (side branch of Nam Tamai) near Pangnamdim. Sighted at the net site Kasung Hka on 12 February 2004, also on way between Lonnat and Nagwa (18 February 2001) and between Tazutu and Karaung (23 February 2001). 1 individual was observed at a nameless side branch of the Nam Tamai between Wangsewang and Nagwa (03 March 2001). 1 individual at a side branch of the Nam Tamai River 9.6 km S of Nagwa (04 March 2001); the name of the side branch was given as 'Darweng'.
CHLOROPSEIDAE					
	Leafbirds		n/a	n/a	n/a
400	<i>Chloropsis hardwickii</i>	Orange-Bellied Leafbird	Preserved specimen and visual observation	Rainforest, Hill Forest	Sight record at Nam Ti rest house (11 March 2001) and 10 February 2001 in Babwa. 1 ♀ captured W bank of Nam Tisang river (09 March 2006).
DICAEIDAE					
	Flowerpeckers		n/a	n/a	n/a
401	<i>Dicaeum chrysorrheum</i>	Yellow-Vented Flowerpecker	Visual observation	Second growth	n/a
402	<i>Dicaeum trigonostigma</i>	Orange-Bellied Flowerpecker	Visual observation	Second growth	n/a
403	<i>Dicaeum concolor</i>	Plain Flowerpecker	Visual observation	Second growth	n/a
404	<i>Dicaeum ignipectum</i>	Buff-Bellied Flowerpecker	Visual observation, historic	Second growth	Observed in tree along river N of Tezutu (23 February 2001); BMNH1941.12.1.470 ♂ ad., Tutuga, Stanford (13 January 1933).
NECTARINIIDAE					
	Sunbirds		n/a	n/a	n/a
405	<i>Cinnyris asiaticus</i>	Purple Sunbird	Visual observation	Rainforest, Second growth	n/a
406	<i>Cinnyris jugularis</i>	Olive-Backed Sunbird	Visual observation	Second growth	n/a
407	<i>Aethopyga gouldiae</i>	Mrs. Gould's Sunbird	Historic only	n/a	BMNH1932.12.10.70 ♂ ad., Adung Valley at 28.17 N 97.67 E, Kingdon-Ward (27 March 1931).
408	<i>Aethopyga nipalensis</i>	Green-Tailed Sunbird	Preserved specimen	Rainforest	Captured at Tahawndam.

409	<i>Aethopyga saturata</i>	Black-Throated Sunbird	Preserved specimen, visual observation, historic	Second growth	2 individuals were captured at Nagwa in wet Second growth (3 to 7 m); Tazaku, Maza, NM/01-1, NM/04-5, NT/04-1; 1 capture in Naung Mung (September 2005); 2 individuals (♂, ♀) were observed between Pangnamdim and Shinshanku (06 March 2001); 1 observed ♂ at Nam Ti rest house (11 March 2001); 1 ♂ captured S bank of river S of U Ring Ga rest house (20 March 2006); BMNH1941.12.1.451 ♂ ad., Tutuga, Stanford (17 January 1933).
410	<i>Aethopyga siparaja</i>	Crimson Sunbird	Preserved specimen and visual observation	Second growth	Captured in Naung Mung. In 2004 at NM/04-3.
411	<i>Arachnothera longirostra</i>	Little Spiderhunter	Preserved specimen, historic	Rainforest	1 ♀ captured W bank of Nam Tisang river (10 March 2006); BMNH1941.12.1.489 ♂ ad., Tutuga, Stanford (19 January 1933); BMNH1941.12.1.490 ♀ (sex not taken from label!) ad., Putao, Stanford (19 December 1932).
412	<i>Arachnothera magna</i>	Streaked Spiderhunter	Preserved specimen, visual observation, historic	Rainforest	Captured in Naung Mung. In 2004: NM/04-5; 1 out of the 2 captures at Naung Mung (09 March 2001) was released; In September 2005 1 capture in Naung Mung and 2 in Nam Ti; 3 captures at Maza but 2 were released (10 March 2001); Observed also at Nam Ti rest house (11 March 2001); 1 sight record at NM/04-2 on 06 February 2001; Another record between Wangsewang and Nagwa (03 March 2001); Observed also between Shinshanku and Gawlai (07 March 2001); 1 ♂ captured U Ring Ga rest house (20 March 2006); BMNH1939.12.8.261 ♂, Htingnan, Kaulback (27 January 1939); BMNH1939.12.8.256 ♂, Htingnan, Kaulback (12 January 1939); BMNH1939.12.8.260 ♂, Htingnan, Kaulback (30 January 1939); BMNH1939.12.8.257 ♀, Htingnan, Kaulback (30 January 1939); BMNH1939.12.8.259 ♂, Htingnan, Kaulback (30 January 1939); BMNH1939.12.8.258 ♀, Htingnan, Kaulback (12 January 1939); BMNH1941.12.1.492 ♂, Tutuga, Stanford (13 January 1933); BMNH1941.12.1.491 ♂, Tutuga, Stanford (20 January 1933).
	PASSERIDAE	Sparrows Snowfinches and Allies)	n/a	n/a	n/a
413	<i>Passer domesticus</i>	House Sparrow	Visual observation	Developed Areas	Few sight records in Tahawndam (February 2001). Frequently observed at the National Park Warden's House in Putao in September 2005.

414	<i>Passer rutilans</i>	Russet Sparrow	Visual observation, historic	Developed Areas	Frequent observations at the market place in Putao (2001, 2004, 2005) and at the Park Warden's house in Putao (2004, 2005). Regional populations are about 25 and 15 individuals in both places in September 2005; BMNH1941.12.1.236, Gam Majaw, Stanford (09 April 1933); BMNH1941.12.1.239 ♀, Kalihtu, Stanford (21 March 1934); BMNH1941.12.1.237 ♂, Kalihtu, Stanford (22 March 1934); BMNH1941.12.1.240 ♀, Kalihtu, Stanford (21 March 1934); BMNH1941.12.1.238 ♀, Kalihtu, Stanford (21 March 1934).
415	<i>Passer montanus</i>	Eurasian Tree Sparrow	Visual observation, historic	Developed Areas	Shot by small boys in Naung Mung Township near the center ('TV Station') in 2004; BMNH1939.12.8.275 ♂, Htingnan, Kaulback (12 March 1939); BMNH1941.12.1.198 ♀, Tutuga, Stanford (21 January 1933); BMNH1941.12.1.199 ♂, Gam Majaw, Stanford (14 April 1933).
ESTRILIDAE					
	Waxbills Grass-Finches	Munias and Allies	n/a	n/a	n/a
416	<i>Lonchura striata</i>	White-Rumped Munia	Visual observation, historic	Lwin, Agriculture, Second growth, Developed Areas	Sight record of 20 individuals 1 km W of Naung Mung center (11 February 2004); BMNH1941.12.1.291 ad., Tutuga, Stanford (17 January 1933).
417	<i>Lonchura punctulata</i>	Scaly-Breasted Munia	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
PRUNELLIDAE					
	Accentors		n/a	n/a	n/a
418	<i>Prunella strophiatea</i>	Rufus-Breasted Accentor	Visual observation	Hill Forest, Agriculture, Second growth	n/a
419	<i>Prunella immaculata</i>	Maroon-Backed Accentor	Preserved specimen	Hill Forest	Captured: Tahawndam (Nam Tamai), Tazungdam. Observed 3.2 km S of Nagwa (2 individuals; 04 March 2001). We captured 1 ♂ (2001-102) at Tahawndam (1,800 m) on 25 February 2001, 1 ♀ (2001-119) on 01 March 2001 in Gawai (1,200 m) and observed 2 individuals near a rice paddy between Wangsewang and Nagwa (1,000 m) on 03 March 2001.
MOTACILLIDAE					
	Wagtails Pipits		n/a	n/a	n/a
420	<i>Dendronanthus indicus</i>	Forest Wagtail	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
421	<i>Motacilla flava</i>	Yellow Wagtail	Visual observation	Lwin, Agriculture, Wetlands, Developed Areas	n/a
422	<i>Motacilla citreola</i>	Citrine Wagtail	Visual observation	Lwin, Agriculture, Wetlands, Developed Areas	n/a
423	<i>Motacilla cinerea</i>	Grey Wagtail	Visual observation	Lwin, Agriculture, Wetlands, Developed Areas	n/a
424	<i>Motacilla alba</i>	White Wagtail	Visual observation	Lwin, Agriculture, Wetlands, Developed Areas	Several sight records in the central area of Naung Mung ('Golf Court' near Naung Mung market) in 2004. 1 record in the village Karaung (23 February 2001). 2 individuals between Gawai and Wangsewang (02 March 2001) and at the school of Nagwa (03 March 2001). Nam Se Bum (04 September 2005). Putao (bridge and Park Warden's house; 12 September 2005).

425	<i>Anthus roseatus</i>	Rosy Pipit	Historic only	n/a	BMNH1941.12.1.348 ♂ (sex not taken from label!) ad., Punlumbum, Stanford (19 March 1934); BMNH1941.12.1.336 non-breeding, Hkamko, Stanford (31 December 1932); BMNH1941.12.1.341 non-breeding, Sumprabum, Stanford (23 December 1932); BMNH1941.12.1.344 ♂ non-breeding, Sumprabum, Stanford (25 December 1932).
426	<i>Anthus richardi</i>	Richard's Pipit	Visual observation, historic	Lwin, Agriculture, Developed Areas	BMNH1941.12.1.361 ♂ ad., Putao, Stanford (January 1935)
427	<i>Anthus hodgsoni</i>	Olive-Backed Pipit	Visual observation, historic	Second growth	BMNH1941.12.1.358 (determined as <i>A. h. yunnanensis</i>) ♀ ad., Tutuga, Stanford (15 January 1933).
	FRINGILIDAE	Finches Hawaiian	Honeycreepers	n/a	n/a
428	<i>Leucosticte nemoricola</i>	Plain Mountain-Finch	Historic only	n/a	Not documented but at Hpare pass (4 ind.) at 25.83 N 98.42 E by Smythies (1953).
429	<i>Carpodacus nipalensis</i>	Dark-Breasted Rosefinch	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
430	<i>Carpodacus erythrinus</i>	Common Rosefinch	Visual observation, historic	Lwin, Agriculture, Second growth, Developed	BMNH1939.12.8.276 ♀, Htingnan, Kaulback (04 February 1939).
431	<i>Carpodacus edwardsii</i>	Dark-Rumped Rosefinch	Visual observation	Second growth	n/a
432	<i>Loxia curvirostra</i>	Red Crossbill	Visual observation	Alpine Forest	n/a
433	<i>Pyrrhula nipalensis</i>	Brown Bullfinch	Visual observation, Historic	Hill Forest, Second growth	BMNH1932.12.10.60 ♂, Adung Valley at 28.17 N 97.67 E, Cranbrook (18 April 1931).
434	<i>Pyrrhula erythaca</i>	Grey-Headed Bullfinch	Visual observation, historic	Hill Forest, Second growth	Sight record at Tahawndam (2,800 m at N slope) 25 February 2001; BMNH1932.12.10.59 ♂ subad.ult, Adung Valley at 28.33 N 97.75 E, Cranbrook (05 July 1931).
435	<i>Pyrrhoptes epauletta</i>	Golden-Naped Finch	Visual observation, historic	Hill Forest, Second growth	Sight record at Nam Ti rest house (11 March 2001); additional record ~ 5 km S of our area of interest at Htawgaw (BMNH 1948.34.76.37 at 25.99 N 98.68 E by Smythies).
436	<i>Mycerobas carripes</i>	White-Winged Grosbeak	Historic only	n/a	BMNH1932.12.10.58 ♀, Adung Valley at 28.33 N 97.75 E, Cranbrook (14 August 1931).
437	<i>Mycerobas melanozanthus</i>	Spot-Winged Grosbeak	Historic only	n/a	BMNH1939.12.8. ♀, Mahtum, Kaulback (15 August 1939); BMNH1941.12.1.229 ♂ ad., N'Daw Hka, Stanford (28 March 1934); BMNH1941.12.1.230 ♂ ad., N'Daw Hka, Stanford (28 March 1934).
438	<i>Mycerobas affinis</i>	Collared Grosbeak	Historic only	n/a	BMNH1932.12.10.57 ♀ non-breeding, Adung Valley at 28.33 N 97.75 E, Cranbrook (28 June 1931).
	EMBERIZIDAE	Buntings American	Sparrows and Allies	n/a	n/a
439	<i>Melophus lathami</i>	Crested Bunting	Visual observation	Lwin, Agriculture, Second growth, Developed Areas	n/a
